MacArthur At Front Again As Reds Mass For Breakthrough

TWO FELLOW OHIOANS are greeted in Washington by Associate Justice Harold H. Burton, Cleveland, of the United States Supreme court. The other Ohioans, delegates to the American-Legion-sponsored 5th annual Boys' Nation, are John R. Barton (left) of Alliance, and Kenneth R. Greasy of Delaware.

Time and Space Running Out For U.S. In Korea

WASHINGTON, July 27—(AP)—Announcement that Britain is sending, and other United Nations countries may send, ground troops to Korea comes in one of the darkest hours of American military history.

What American military men want now are more combat-ready troops—quickly, urgently. How quickly? There are no firm estimates now, but the next two or three weeks can be hightly critical.

United States army troops fighting the Red invaders of the republic of Korea do not yet have their backs to the wall—but the room is getting alarmingly smaller. In the strategy of trading space for time, they are running low on both commodities.

The British government's announcement that it is sending to Korea a regular army combat group including artillery and armor, reached Washington at a time when Pentagon officials were growing increasingly concerned about help from United Nations members.

New U. S. Troops Enroute

Reinforcements from the United States are on the way—2nd Army division troops, First Marine division fighters—but some Pentagon officials made it plain this can't be enough.

More fighting manpower is needed not only to bolster the battered American army troops and help them hold the diminishing perimeter, but to allow soldiers exhausted by weeks of unrelieved combat to rest.

The London announcement did not specify the size of the combat group to be sent, but it apparently would be substantially more than the 1,000-man minimum.

There was other help in the offing, including the announcements of two British commonwealth countries, Australia and New Zealand, that they will send land forces. Turkey already has offered 4,500 trained combat troops..

The Pentagon looked sadly on the departure from the eastern hemisphere of Holland's colonial army. Units of the Royal Netherlands Indies army were getting ready yesterday to pull out of Indonesia, headed for home.

Worry Over Missing

New Committee Linked To NSRB

Labor, Industry And Agriculture Included

WASHINGTON, July 27—(AP)—A labor - industry - agriculture committee was reported in the making today, to consult with the government on war mobilization.

The committee would discuss policy questions like price and wage controls with W. Stuart Symington, chairman of the National Security Resources Board (NSRB), who directs the drive to get the home front ready for war.

Symington's office would not comment on the report. But elsewhere it was learned that he has begun sounding out the big organizations of labor, industry and agriculture.

Organized labor has tentatively agreed upon the names of three persons to submit as labor representatives: William Green of the AFL, Philip Murray of the CIO and Al Hayes of the International Association of Machinists.

In addition, Symington has invited the unions to choose someone to serve as a full-time official of the NSRB. There was a possibility he would choose two people—an AFL and a CIO man.

Labor leaders are favorable to price and profit controls, but say that a simultaneous freeze of wages would be unfair to the workers because prices have gone up sharply since the Korean fighting began June 25.

Transfer Of Liquor Permit Refused

The Ohio Board of Liquor Control has denied the transfer of a liquor permit held by Chris Nyktas from the old Ohio Grill Restaurant to the Sip N Bite restaurant on E. State st.

Protests on the request for transfer were voiced by five Salem citizens, representing St. Paul's Church, Church of Our Saviour, Memorial building, public library and public schools, at a hearing held in Akron on July 12.

In a letter addressed to Rev. Harry A. Barrett, pastor of the Church of Our Saviour, the board said, in part: "The department considers the objections well-founded and inadvisable to issue Chris Nyktas a permit at the present location." The letter was signed by Francis C. Cole, chief of the permit division.

The board also pointed out that there is no such thing as a temporary license. Mr. Nyktas had applied for his license to be transferred temporarily.

The Ohio Grill was destroyed by fire March 19 and later torn down.

Congress Split On Complete Mobilization

Lawmakers Opinions Also Divided On Baruch Proposals

WASHINGTON, July 27—(AP)—Congress seemed divided today over whether there should be all-out mobilization of the U. S. home front—with most members apparently against such a move right now.

Hard on the heels of Bernard M. Baruch's proposal for an immediate "ceiling on everything," some lawmakers called for full-scale economic mobilization, complete with consumer rationing and wage-price controls.

Baruch, venerable presidential and congressional adviser, criticized President Truman and Congress yesterday, saying they have not moved far enough or fast enough to get the nation ready for a finish-fight against communism.

Is Given Study

Bluntly he said all-out controls must be clamped on—and the sooner, the easier for the American people.

While most congressional leaders shied away from the Baruch proposal, Senator Sparkman (D-Ala) told a reporter he would ask the senate banking committee to consider it fully.

A barrage of questions hurled at Baruch made it obvious that most committee members did not think highly of his suggestion. But Sparkman said the Baruch proposal must be taken seriously.

In other developments:

1. Senator Taft (R-Ohio) announced that a committee of GOP senators from the banking, finance and armed services committees would begin drafting today proposed amendments to curtail some of the administration's bill for production and credit controls.

Taft said that controls voted now might turn out to be permanent and Congress should move cautiously. Taft also forecast a 10-year preparedness program costing at least $100,000,000,000 and renewed his call for heavy taxes as an alternative to controls.

Lift Manpower Ceiling

2. The Senate unanimously passed a bill removing all limits on the size of the armed forces until July 31, 1954.

3. The House Armed Services Committee continued its preparedness inquiry, calling Secretary of the Air Force Finletter to today's closed door session.

4. A labor-industry-agriculture committee was reported in the making. It would discuss things like price and wage controls with the National Security Resources Board.

5. Members of the Senate Appropriations Committee pressed Secretary of Defense Johnson, Gen. Omar N. Bradley, chairman of the joint chiefs of staff, and other military leaders as to whether they couldn't use more than the $10,500,000,000 President Truman has asked for new military equipment.

In the House, Rep. Kunkel (R-Pa) introduced a bill proposing the general freeze on prices and wages and a system of rationing that Barauch said must come eventually.

WASHINGTON, July 27—(AP)—President Truman said today he sees no necessity now for wage, price and manpower controls.

He told a news conference that if they come they will come together as part of all-out mobilization.

He hopes we will not have to have all-out mobilization, he added.

MacArthur Dismisses Escorting Fighters

TOKYO, July 27—(AP)—General MacArthur dismissed escorting fighter planes on the way back from a flying trip to Korea today so they could return to the front "where they do the most good."

MacArthur's pilot, Major Anthony Story of St. Louis, Mo., told about it after bringing the general's plane, "Bataan," in through a drizzle to the wet runways of Tokyo airport.

The "Bataan" was being escorted by three rocket-carrying F51 Mustangs. MacArthur told Story:

"Release the escort so they can go back to the front and put those rockets where they'll do the most good. We will make it all right."

Major Story said that before his flight MacArthur was advised against taking his plane, a big C54, into the dirt airstrips near the fighting front. No plane that large had landed on the new South Korean strips. MacArthur replied, "If they can get a puddle jumper in there, Story can get the Bataan in."

FACING THE SENATE appropriations committee behind closed doors, Defense Secretary Louis Johnson and the joint chiefs of staff declare the $10 and one-half billion asked by President Truman for the Korea war probably will be followed by more money requests within six months. In the photo are Senator Kenneth McKellar (D), Tennessee (seated) and (standing, from left) Adm. Forrest P. Sherman; Gen. J. Lawton Collins; assistant Air Force Secretary Eugene M. Zuckert; Gen. Hoyt S. Vandenberg; Army Secretary Frank Pace; Gen. Omar Bradley; Navy Secretary Francis Matthews and Johnson.

Taxi Driver To Die In Chair

Convicted By Judges In Slaying Of Girl

ST. CLAIRSVILLE, July 27—(AP)—George Ernest Doty, a two-time inmate of Ohio's boys' industrial school in his youth, today faced execution for the sex slaying of 18-year-old Alma Montag.

Three common pleas judges yesterday convicted the 28-year-old stolid cab drived of first degree murder without recommending mercy, then sentenced him to die in the electric chair Nov. 15.

The body of Miss Montag was found in a lonely field near St. Clairsville June 17, her head battered. Trial testimony showed the girl hired Doty's cab to take her to her home at nearby Troth Run.

Doty merely shook his head without changing the placid facial expression he has held throughout his trial when Presiding Judge Clifford L. Belt asked him if he had anything to say.

Doty had pleaded innocent by reason of insanity.

Judge Belt, Judge Ross Michener, also of Belmont county, and Judge James Collier of Lawrence county conferred nearly two and one-half hours before giving their verdict.

Doty accepted it silently, but his wife—mother of two children and expecting a third—broke into sobs as they led her husband from the Belmont county courtroom.

Atlantic Pact Units In Secret Session

LONDON, July 27 — (AP) — Atlantic Pact committees, apparently charged with writing out details of western defense plans, met with unusual secrecy this morning.

Spokesmen at the U. S. embassy and in the offices of American delegates to the Atlantic council deputies' sessions, acknowledged that committee meetings were being held but said "the subjects of the meetings are not being disclosed."

The nature of the committee's which met today also was kept secret. Spokesmen would not say whether they dealt directly with defense matters, finance or organization.

The job of the deputies is to speed plans for joint defense by the United States, Canada, and 10 European countries. They are expected to have detailed plans ready to submit to the council of foreign ministers of the 12 allies in September.

Note To Police Force: Look For Sick Kids

Mrs. Lewis Catlos of 762 W. Pershing st, who is in charge of a Prospect School P. T. A. refreshment stand at the West End Ball Park, reported to police at 11:45 a. m. Wednesday that the stand was broken into sometime during the night and about four dozen popsickles were stolen.

Police said entrance was gained by prying the hasp and lock from the door to the stand. The ice sticks were valued at $4.25.

Youth Breaks Leg In Scooter Mishap

A 13-year-old Canton boy suffered a broken leg at 9:55 a. m. Wednesday when the motor scooter on which he was riding skidded on E. State st and slid out from under him.

Police said Tim Lloyd, 13, of 1409 Bellflower ave N. W. Canton, was riding on the scooter driven east on State st by Francis Sinden, 29, of Uhrichsville. The vichicle skidded on some oil on the pavement at 553 E. State st and slid out from under the two occupants.

The boy was treated at City Hospital. Mr. Sinden was uninjured.

A car operated by Mrs. Helen Himmelspach of 288 W. Eighth st hit a light pole and knocked off the globe while parking on E. State st at 4:06 p. m. Wednesday.

Motorcyclist Injured

LISBON, July 27—Harry F. Duncan of Cleveland suffered a slight leg injury at 8 this morning when his motorcycle collided with a truck on route 30, just south of here, during a heavy fog.

The truck operated by Arthur D. Whan of R. D. 2 Leetonia, was making a left turn off the highway when the accident occurred. Duncan was treated by a physician and continued on his way.

Wife Is Electrocuted Trying To Save Husband

WICHITA FALLS, Tex., July 27—(AP)A 19-year-old wife died yesterday in a vain attempt to save her husband from electrocution.

Neighbors found Mrs. R. L. Cox gripping an electric line wound around the body of her husband, R. L. Cox, 23.

Cox planned to electrify a fence around a sudan grass patch and had strung a wire from an electric line atop his garage. Clutching the line in one hand he stepped on a metal barrel as he climbed down from the garage.

His screams attracted his wife, who ran to his aid.

A-Bomb Use Not In Truman Plans

Sees No Need For It In Korean War

WASHINGTON, July 27—(AP)—President Truman said today he is not now considering use of the atomic bomb in the Korean war.

Mr. Truman made this statement at a news conference. He had been reminded by a reporter that he once said he would not hesitate to use the atom bomb again if it became necessary to assure world peace.

He said he still hopes reverently for world peace but he did not want to make any comment on peace prospects; that it would be better to wait for a few more developments. A reporter has recalled that only a couple of months ago the President had said the outlook for peace was better than it had been at any time since 1945. The newsman asked if the President still felt that way.

On the question of wage and price controls, Mr. Truman said he thought his economic message to Congress had covered that. He said then he would not hesitate to ask for them if he thought they were needed.

A reporter said there were rumors around Washington that price and rationing steps were already in the making and were to be set in force by Labor Day.

The President said that was news to him.

Another reporter wanted to know whether, if prices are rolled back, they would be rolled back to the June 25 level as Bernard Baruch proposed.

Mr. Truman said he would cross that bridge when he came to it. But such a step, he went on, is not being considered now.

Driver Says Car Hit By Property Owner

William A. McKee of 19 E. Cambridge st, Alliance, reported to police at 10:45 a. m. Wednesday that the back window of his car was broken by Herman Rothfuss of 272 W. Seventh st when he drove hi scar through an alley near Mr. Rothfuss' residence.

Mr. McKee told police his car was stopped by Mr. Rothfuss who ordered him to back out of the alley since he was trespassing on his property. When Mr. McKee proceeded to go forward Mr. Rothfuss swung a garden hoe at the auto and smashed the back window, police were told.

Attention, Clubs & Organizations of all sizes and ages! Arthur Murray Studio of Alliance is now available for teaching of classes. U.S. Artillery Blasts Enemy

TOKYO, July 27—(AP)—General MacArthur flew to the battlefront again today as Korean Reds aimed a massive force at the center of American lines apparently trying for a decisive breakthrough.

Associated Press Correspondent William R. Moore reported three large columns were concentrating east of Yongdong in front of the U. S. First Cavalry.

A spokesman at General MacArthur's headquarters in Tokyo said two of the Reds three best divisions—the Second and Third—are massed in that sector.

From a forward post with the First Cavalry, Moore reported American artillery has opened a thundering bombardment of Communist infantry concentrations.

The air force sent swarms of jets and mustangs over the area spewing rockets into Red lines and pouring fire into the advancing troops.

Fifteen miles northeast of Yongdong at Maeonyon, the 24th regimental combat team, the only Negro combat unit identified in the Korean campaign, beat off a Communist attack late yesterday.

The combat team, attached to the U. S. 25th division, is in the defense line that swings northeastward of Yongdong.

To the east in the 200 mile battlefront are South Koreans attacked the Reds. At Hamchang they drove forward seven miles aided by American planes. On the east coast they advanced on Yongdok with land artillery and naval guns supporting them.

Between the planes and South Koreans using bazookas, six enemy tanks were knocked out in the hot action, which may be the prelude to what appears to be the biggest battle of the Korean war.

A curtain of U.S. artillery fire met the attacking Reds, who aimed their attack at vital supply lines on the road to Pusan, U. S. supply port on the southeast coast 90 miles from Yongdong.

There had been no report from the Hadong area in Red-held southwest Korea, where fresh U. S. troops were described as ready to retake the city once it stops burning. Planes set it afire yesterday.

A Communist radio broadcast from Pyongyang, capital of North Korea, claimed a U. S. warship was sunk off Yosu, in southern Korea, by coastal batteries. The radio said the Reds captured Yosu and Sunchon on the south coast inflicting more casualties on the defenders of the two cities.

MacArthur Confident

At a conference with his top generals in Korea, General MacArthur, the United Nations commander, discussed the looming battle situation.

"That we will have new heartaches and new setbacks is inherent in the situation," he said, "but I was never more confident of victory—ultimate victory—in my life than I am now."

Three North Korean columns, backed by a Red manpower reservoir of two divisions, pushed toward the new defense positions taken by the U.S. First Cavalry division near Yongdong. That city is a key point of the highway and rail lines running to the front from the main Allied supply port of Pusan, 90 air miles southeast.

American artillery hurled murderous fire at the advancing Reds. U.S. Shooting Star jets and Mustang fighters raked the columns with rockets and machineguns.

With the battle setting the central front aflame again, MacArthur made his second flying visit of the war to Korea. As on the first—June 29—he was accompanied by key staff officers.

He conferred with Lt. Gen. Walton H. Walker, commander of the U. S. Eighth army, and other top men directing the action in Korea.

Given Aerial Support

Except for the fresh Red eruption on the central front, North Korean pushes were stalled or blunted along the 200-mile front. This arc protects the United Nations beachhead that has been whittled down to a perimeter of 70 to 95 miles outward from Pusan on the peninsula's southeastern tip.

American troops, aided by the close support hammering of fighter planes, were reported to have recaptured Hadong, 70 miles west of Pusan. Hadong was the deepest eastward penetration of the Red scythe sweep down the Yellow Sea coast and across southwestern Korea.

At the other acute Red pressure point—near Hamchang 35 miles north and east of Yongdong—South Korean forces were reported shoving the Communists back north of the town. They also got close air support.

The Yongdong, Hadong and Hamchang actions were first reported in field dispatches.

An earlier headquarters release said there had been "little change" in the 100-mile front from around Yongdong to the east coast near Yongdok in the past 24 hours.

Defense Corps Started Here

Nucleus Of Twelve Officers Signs Up

The cadre of 12 men was completed for the Salem company of the Ohio Defense Corps Wednesday night at their meeting in the American Legion hall on E. State st.

Capt. Herman E. Zeppernick was appointed officer of the local unit at their initial meeting on June 18.

Members of the cadre assigned positions last night are: Lt. John Herman, executive officer; 2nd Lt. Charles A. Faust William K. Park, supply sergeant; clerk; S/Sgt. Wade A. Loop, company clerk; S/Sgt. Gus Herman, mess sargeant; S/Sgt. Henry M. Brobander, Paul A. Culler and Dale F. Morris, section leaders; and Sgt. Arnold Popa, first cook.

Applications are received for expansion of the company as soon as authorization is granted by the state adjutant general. These are four companies comprising the eastern Ohio Battalion, with headquarters located in Youngstown.

The defense corps will serve the same function as that of the Ohio State Guard during the war. Its formation was authorized at the last session of the state legislature.

The local company plans to meet each Wednesday evening in the American Legion hall.

Leetonia

Style Review, 4-H Tea Held

Happy-Go-Lucky Members On Program

LEETONIA, July 27—The Happy-Go-Lucky 4-H Club, of which Mrs. T. P. Laughner is advisor, held its annual Mother Tea and Style Review at St. Paul's Lutheran Church Tuesday evening. In the afternoon, Miss Esther Jean Mayhew of Winona, county home economics advisor, judged projects of the members.

Following program was presented for the 34 members and guests in the evening:

Solo, Helen Rance; clarinet solo, Dolores Franko; piano solo, Jean Stratton; vocal solo, Beverly Shriver; piano solo, Linda Tittsler; hem demonstration, Kathleen and Betty Cowher; acrobatic dancing, Betty Kadin; mountain music, Mary Ludt; history of the U. S. flag, Jean Cushing, aids, Nancy Morris and Kay Blackwood; solo, Martha McCormick.

Dresses in the style review were modeled by Dolores Franko, Sallie Grappy, Kathleen Cowher. Spectator sports were modeled by Kay Blackwood, Nancy Morris, Helen Rance and Martha McCormick.

-:-

DEBORAH CLASS of St. Paul's Lutheran church was entertained at the home of Mrs. J. Leland Helt Wednesday evening with Mrs. Paul W. Conrad and Mrs. Harry Ginther associate hostesses. Plans for a social in August were discussed.

Leetonia Briefs

Mrs. Owen Cook entertained bridge club associates Wednesday evening.

Mrs. Joseph Engelhardt and son Pete of Buffalo, N. Y., are visiting Mrs. Engelhardt's brother and sister-in-law, Mr. and Mrs. Ralph Wagenhouser.

William P. Wilhelm and daughter Florence and their house guest, Mrs. Laura Adams of Pittsburgh, and Mrs. C. E. Holt, Jr. visited Wednesday with Mrs. Holt's daughter, and son-in-law, Mr. and Mrs. George Lance at Cleveland.

Vets Under GI Bill Told Not To Delay

WASHINGTON, July 27—(AP)—The Veterans Administration today urged war veterans planning to study under the GI bill next fall to start making arrangements immediately.

Veterans who plan to continue the same course at the same school they previously attended should make certain that the school has room for them, VA said in a statement. They need not contact VA at all, however.

Veterans who want to continue the same course but at a different school must obtain a supplemental certificate of eligibility from VA.

A similar certificate will be required of:

1. Veterans who wish to make their first change from one general field of study to another, as from law to engineering.

2. Veterans who completed or discontinued GI bill training and now want to make a first change to a different general field.

Veterans who have previously changed general fields of GI bill study, and now wish to change again, must apply at VA regional offices.

President's Political Stumping In Doubt

WASHINGTON, July 27 — What President Truman will do about political campaigning this fall still is undetermined.

Presidential Secretary Charles G. Ross told reporters today that: "No plans have been made and therefore no plans have been canceled."

Before the Korean crisis, Mr. Truman had indicated his intention to travel during the campaign, but he hasn't said anything about it since the Korean crisis built up.

Dog Pays With Life, Fulfils Court Order

ISLE OF SARK, July 27—(AP)—Jip, a nine year old Irish terrier, has been shot to death by court order—just because she was a lady dog.

It took Jip's blood to fulfill the letter of a centuries-old law which said that only the seigneur of Sark, husband of the island's feudal ruler, the dame of Sark, may keep a female dog on the island.

Jip had been there two years, having come with Ernest Raud and his wife when they moved here from London to set up a bicycle shop.

The Rands held Jip in considerable affection and she used to go to air raid shelters with them when German bombers hit London during the war.

Rand paid his dog tax, without saying anything about the dog's sex, but last week the authorities learned the grim truth and laid down the law: Get rid of the dog or kill her.

Rand complied with the law last night and buried Jip among the rose bushes in his garden.

VETERAN DOCTOR DIES

DELAWARE, July 27—Dr. J. Kelley James, dean of Delaware county physicians who retired in 1946 after 50 years in the practice of his profession, died yesterday. He was 82.

Army Accepts Recruit, 331 Pounds Of Him

CHICAGO, July 27—(AP)—The Army got 331 pounds of recruit today in the person of Karol Hays, 23, of Washington, Ill.

Although Hays carries 120 pounds too much for his six foot three inch frame by Medical Corps standards, physicians decided today he's a good specimen. His enlistment was approved.

Hays, a photographer for the Tazewell county reporter, a weekly, said he wants to be a Signal Corps cameraman. He served with the Navy in World War II.

Shipyards On West Coast Hum

Sixteen Cargo Ships To Be Ready Soon

SAN FRANCISCO July 27—(AP)—Stepped-up work in San Francisco bay shipyards is expected to have 16 reactivated cargo ships ready for sea duty by next week.

The first batch of freighters will be followed soon by other vessels ordered out of mothballs as a result of the Korean war.

The emergency work has boomed shipyard payrolls. As of yesterday, 1,985 workmen have been hired by civilian yards in the area. Navy yards at Hunters Point and Alameda also increased their working forces in anticipation of readying more fighting ships for the western Pacific.

Of nine carriers and 39 other warships ordered reactivated by the Navy yesterday, at least one carrier probably will come from this area.

Lightning Explodes Dynamite; Two Hurt

EL PASO, Tex., July 27—(AP)—Two men were killed yesterday when they were buried under rock after lightning exploded a dynamite charge at a stone quarry.

The two were W. A. Harrison, 41, of El Paso, and Teofilo Vera, 43, of Juarez Mexico.

William E. Tucker, quarry superintendent, said 10 charges had been placed with 10 pounds of dynamite in each, to be exploded after workmen left the area. He said the lightning set off one or two of the charges and sent tons of rock down upon the pair.

VACATIONS CANCELLED

CLEVELAND, July 27—In order to keep producing aircraft parts for the government, some 7,500 Thompson Products, Inc. workers will get extra checks today instead of vacations. They were to have started two-week vacations this Saturday.

HE'D PUSH BUTTON—Alvin York, top hero of World War I, said in Wolf River, Tenn., that if we fight Russia we should use the atom bomb, and "if they can't find anyone else to push the button, I will." The 63-year-old mountaineer, who captured 132 Germans by himself in the first war, is currently recovering from a siege of pneumonia.

Clevelander Refused Release From Jail

COLUMBUS, July 27—(AP)—The Ohio Supreme Court has again refused to let Shondor Birns, Cleveland tavern keeper, out of jail.

Birns, now in Cuyahoga county jail, was sentenced to six months in jail and fined $1,000 for contempt of court for attempting to influence a juror in a case in which Birns was accused of extortion, bombing and malicious destruction of property. Birns was acquitted of the charges.

But the Supreme Court Wednesday denied his request for suspension of the execution of the sentence and a request that he be freed on bail pending the hearing of his appeal from the contempt conviction.

He contends the penalty assessed for contempt was exhorbitant. The Supreme Court disagreed.

Nothing More As Usual

THE THEME of President Truman's economic report to Congress is simple and pointed:

Business as usual is cancelled for the duration. So is everything else as usual. The United States is mobilizing for survival. More details later.

Accompanying the report are details ready for discussion now—substantial tax increases, restrictions on the use of credit, federal authority to allocate essential commodities, federal authority to obtain and to create essential supplies. These give the country a fair idea of what is coming. They are broad enough to cover everything which the government did during World War II, with authority to spare. And Mr. Truman isn't just talking through his executive hat; he intends to submit his recommendations to Congress without delay.

His countrymen should understand what he must do.

They should understand, particularly, that he must reconcile the viewpoints of those who want to turn the country upside down in the name of the emergency created by the Korean incident and those who intend to fight for business—and everything else—as usual.

Mr. Truman is being called on to make momentous decisions. He is entitled to understanding and sympathy. These are not matters that can be decided on a basis of partisan politics. These are matters that must be decided on a basis of conscience.

There will be nothing more as usual. There can be nothing but decisions and attitudes dictated by the Soviet Union's hostility toward the world. The United States has begun to mobilize and will finish the process.

What has happened is revealed in the source of the economic report which Mr. Truman has just made. It is not the report prepared for the White House last month. That report is wastepaper now. This is a new report, made to fit new circumstances—the circumstances of World War III.

Primrose Path To War

NO politician will say it, but it needs to be said.

The primrose path to war is lined with poison ivy.

Senator Taft and President Truman are coming close to agreement on the presence of the poison ivy. But even they cannot speak the blunt truth about the primrose path, because they are in politics.

The truth is that Americans like the taste and feel of gradual inflation. That is why the primrose path is popular. It was traveled from 1940 to 1945. It now is being traveled again.

But what about the poison ivy?

Its effects are the disappointments of millions of Americans with savings wiped out by inflation. There are only two ways to pay for unusual military spending, which produces no real wealth.

One is to pay cash. The other is to put a mortgage on the future. That is the inflationary way.

No one ever financed a war with cash. No one ever tried to seriously. President Truman and Senator Taft agree that the United States would be better off if taxes were boosted immediately, to use up consumer buying power and thereby to repress inflation. They are warning the country not to take the primrose path to war this time, but there is little reason to believe the country will pay any more attention to them than it paid to Bernard M. Baruch before World War II when he warned there would be inflation unless all prices and wages were frozen.

Getting The Gang Together

IN "Mein Kampf," Adolf Hitler told at great length why he thought the Communists had to be destroyed because otherwise they would destroy everybody else. Thereupon he made a deal with them which led to his own destruction.

Were Hitler living today, he could make another deal. The Kremlin is still counting on Nazi stupidity. It is appealing to former Nazis for support in East Germany. This party-line shift makes it possible to call on all former enemies to join the fight against the United States.

This is called a peace movement, that being the biggest lie which can be told. But the lie in this case only calls attention to the bait. The leaders of the Communist party will make a deal with any ideologist willing to fight the United States. Later, of course, it will have to kill off its allies, but that bridge can be crossed when it is reached.

Communism is only the spiel that draws the crowd. The proletarian revolution is the bait. The leaders of the Communist party are not interested in converts to Marxism. They need cannon fodder.

Red Propaganda

BY PETER EDSON

Countering Poses Tough Job For U. S.

A COMMUNIST propaganda handbill on the Korean situation, printed and circulated in Cuba, gives a vivid picture of what the U. S. Voice of America and its related State Department Information and Education activities are up against.

A copy of this Commie leaflet has just been received in Washington. It is printed in Spanish on a small sheet of paper, easy to pass from hand to hand or to enclose in letters. It is headed "Yankee Aggression in Korea." It purports to be "an eloquent chronology" of what happened in Korea from May 20 to June 30, 1950.

Full text of the handbill is too long to print in this space. But the highlights are interesting. They show what monstrous lies the well-organized Communist propaganda machine is telling—not just in the Far East where the battle rages, but all over the world. The purpose, of course, is to build up hatred against the U. S., and to stop UN assistance to Korea from anti-Communist countries.

Here, then, is a summary of what the red network is trying to make the world believe about the Korean situation:

-:-

"MAY 30, 1950—Mock elections are held in Southern Korea in the midst of an absolute reign of terror. . . . Syngman Rhee's government suffered defeat. . . .

"June 12—Jon Myun Chang, ambassador of the Southern Puppet government of Korea to the U. S., visited the State Department, warning American nigh officials that the Syngman Rhee regime was on the verge of collapse . . . . It was agreed that John Foster Dulles should visit Southern Korea.

"June 19—John Foster Dulles speaks before the National Assembly of Southern Korea, visits the 38th parallel with Yankee military chiefs, reviewing military preparations of the forces of the Korean puppet.

"June 20—John Foster Dulles . . . assures the puppet government that the United States will give it full support. In the autumn of 1949 Syngman Rhee had said to United Press reporter Joseph L. Jones that 'he could take the capital of Northern Korea within three days; that he was not doing so because he lacked the support of the U. S.' On June 20 John Foster Dulles offered this support.

(EDITOR'S NOTE: Joseph L. Jones, UP vice president and general foreign manager, quoted Rhee on Oct. 7 as telling him in an interview at Seoul that "loyal Koreans in the north" had urged him to join them in an insurrection.

"Then why not?" Rhee was quoted. "Because the United Nations and United States have warned that we might in a hot-headed fool way start a world war.")

"June 24—Yankee military plans completed in Tokyo, Dulles, (Secretary of Defense) Johnson and (General) Bradley return to Washington.

"June 25—Early on this date Syngman Rhee's forces attack the People's Democratic Republic of Korea, cross the 38th parallel and take the cities of Haeju and Chowan. Police and military forces of the Korean People's Republic launch a rapid and strong counter-attack, repulsing the aggressors and carrying the counter-offensive south.

"June 27—President Truman orders the sending of American warships and planes to Korea to fight against Korean patriots.

"June 30—President Truman orders the invasion of North Korea by American land forces."

-:-

THERE ARE a lot more gruesomely exaggerated deails to the Commie line than the above. But this brief is enough to put over the point that U. S. counter-propaganda has a tremendous job on its hands.

Currently the U. S. State Department officials are testifying before Congressional Appropriations committees on President Truman's request for an $89,000,000 added appropriation for the U. S. Voice of America and its related services.

Present appropriation for this service is $36,000,000. So the prospect is that U. S. information service in foreign countries will be more than doubled. About half the new money is earmarked for new radio transmitting facilities, to beat down Soviet jamming and penetrate the Iron Curtain.

The other half will be divided about equally between increasing the number of Voice of America broadcasts, increasing a foreign press, pamphlet and leaflet service, increasing the showing of U. S. documentary movies, building up U. S. libraries in foreign countries, and bringing more foreigners to the United States for education and leadership training along democratic lines.

The new and stepped-up programs will be started pricipally in countries surrounding the Iron Curtain—from Finland through Greece, Turkey and Iran, and out to India and Viet Nam. But no country is to be overlooked. It can't be, if misinformation like the Cuban Communist leaflet is to be beat down.

Health To You

By EDWIN P. JORDAN, M. D.

Treatment For Burns

BURNS or scalds of the skin account for many deaths and serious or unsightly scars. Most of them could be prevented by a little caution. Also prompt and intelligent emergency treatment can often help to avoid the most dangerous effects of heat.

Dr. Jordan

The damage done depends upon the surface involved, the heat of the object causing the injury, and the length of time during which the skin has been in contact with the source of heat. Hot solids or liquids are the most common causes of burns. Sliding down a rope, chemicals, electricity, and such agents as ultraviolet lamps, X-rays, and even sunshine also cause particular kinds of burns.

In first degree burns there is merely some reddening of the skin similar to that of mild sunburn. Second degree burns cause actual blistering of the skin; the skin over the blister has been completely killed. Third degree burns involve not only the skin itself, but also the tissues lying beneath it which are killed and charred.

Slight burns — except those caused by chemicals, X-rays, and unusual types of burning—can be treated by any one of several excellent ointments. These ointments, if they do not have to be applied to too large a skin surface, reduce the pain and aid the healing.

They should not be used, however, if the burned surface extends over a wide area of the skin. They can do real harm in such burns rather than any good.

For severe burns, including second and third degree burns, the advice of a physician should be sought as soon as possible. Until he comes it is wise not to do too much. Loose clothing should be cut away from the burned area, but if any is sticking, it should be left where it is and only the clothing around the burned area be cut away.

If there is likely to be delay in the arrival of medical care for someone who has been severely burned, a warm compress soaked in tannic acid solution or strong tea can be placed on the burned area.

Large burned surfaces should not have greases, oils, or ointments put on them. These are difficult to remove, may produce pain and often interfere with what the physician wishes to do later. Neither absorbent cotton nor iodine should be applied to the burn. Cotton will stick and injure the skin still more when it is removed later.

Burns caused by chemicals are best treated by washing the area immediately and continously with large quantities of water until all traces of the chemical have been removed.

Treatment of any kind of burn or scald, however, is like locking the stable door after the horse has been stolen: prevention is best.

SIDE GLANCES By Galbraith

"I remember when he used to make that kind of fuss over me—won't Daddy ever grow up, mom?"

Who Do You Think Is Behind These Things?

Russia And The United Nations

By DAVID LAWRENCE

WASHINGTON

AMERICAN policy toward Russia and Communist China is in process of change. The logic of the statement submitted by American Ambassador Austin to the United Nations, calling attention to the help the North Koreans are getting from an unnamed country, is next to accuse both Russia and Communist China openly of aiding the North Korean aggressors.

This could mean expulsion of Russia from the United Nations. For of what possible value is the UN resolution of June 25th which called on member nations to help South Korea and to "refrain" from helping the aggressor unless some action now is taken to purge the U.N. of a member who violates the obligations of the charter.

The first intimation of a change in American policy has come this week from Secretary of State Acheson. When asked about recognition of Communist China, he said that, while the United States had not decided to change its position—which hitherto has been to refrain from using the veto against the admission of Communist China — there was every reahon why action now should be postponed. In other words, the happenings in Korea have introduced new factors into situation requiring a re-examination. Such a re-examination could conceivably lead to an American veto on the ground that the usual rules relating to recognition must be set aside when an applicant takes up arms against this country and the United Nations.

-:-

THERE IS NO DOUBT in the minds of officials here that Communist China as well as Russia have sent arms and equipment to the North Koreans since the aggression began. There would have been grounds for protest even if the materials had stopped coming after June 25th, but the evidence points to the opposite.

Thus the United Nations is challenged now. Will it expel from its midst a member nation which has gone to war against the United Nations? Can it consider favorably recognition of Communist China, which is sending materials and men to fight against the UN forces in Korea?

The situation in Formosa could further complicate the problem. If the Chinese Communists attack the Nationalists on Formosa, they will run counter to the American decision to protect Formosa against invasion. This means that if American naval vessels or Formosa ports are bombed from bases on the Chinese mainland, American air forces will have to blast those same bases in order to thwart the attacks on Formosa.

-:-

NOT ALL OF the United Nations members have committed themselves as has the United States to the protection of Korea. Great Britain holds herself free to abstain from intervening in the Formosa situation. But the British, on the other hand, cannot continue their recognition of the Chinese Communists while the latter are sending reinforcements to attack British forces which are a part of the UN operation in Korea.

While there is an awareness here that the Russians would like to involve America in China's civil war, it is nevertheless apparent also that the United States cannot falter in the face of the evident aid that is being brought to North Korea from China and Russia. As long as American boys are being killed by Russian and Chinese troops or those directed by their officers under the North Korea flag, the United States will be compelled to face the realities and demand that such Russian aid be withdrawn. The UN then will have to concur in the American position.

Before long, therefore, the Far Eastern situation may clarify the whole world situation by requiring Russia either to withhold aid from the Chinese and Korean communists or face expulsion from the United Nations.

(N.Y. Herald Tribune Syndicate)

Trust the Statisticians

By TRUMAN TWILL

CENSUS-TAKERS in New York City are wondering about 250,000 statistically-existent souls who couldn't be found in the nose-counting. Well, they won't find them.

No one ever found the statistical freak, who, according to the insurance companies, is the average weight and height. And if anyone ever did there would be a shriek of astonishment that would drown out the clatter of all the adding machines in all the statistic factories east of the Mississippi River.

This country has gone potty on statistics, most of which aren't true. Or if the figures themselves are true, the conclusions drawn from them are daffy. Americans have an enormous appetite for anything that purports to be a fact. If no fact is available, it demands an estimate.

Every city in the country had a barrel of statistics, estimates and guesses showing its population as of 1950 was thus and so. Almost without exception, census-takers couldn't find that many human beings in the places where they looked, which was not surprising. They didn't look everywhere.

But even if they had, they still wouldn't have checked out with the statisticians. So the question is—and don't think for a minute it isn't—whether to believe the statisticians or the census takers. Chances are the statisticians will win the toss. They work all the time. The census-takers work once in 10 years.

Before the adding machines had cooled off after the census of 1940, the statisticians were hard at work making liars of the census-takers. By the end of the decade they were riding high. They will be riding high again long before 1960.

We are bringing up the subject of census-taking vs. statisticians at this time because the New York search for a quarter of a million people who were supposed to be alive yet can't be found is significant. No one is looking for them in the cogs of the adding machines used by statisticians, where they were born.

On the other hand, no one is blaming their disappearance on holes in census-taking, which are big enough to conceal many times that many human beings. What it adds up to is that this country has become too big to be counted, and it shouldn't try again. The ordeal is not worth what it costs. It would be cheaper to guess. And it would be just as reliable.

In 1960, instead of counting noses, the Bureau of the Census should hire an extra dozen statisticians for a few weeks. They would never need to get out of their swivel chairs. Statisticians have ways and means of jumping at conclusions which never would occur to anyone else—like the fellow who made a practice of counting the faucets on cows and dividing by a given number to find out how many cows he saw. There was a real statistician. Unfortunately the "given number" was wrong. He thought the man said "fourteen."

Defense Setup Poor

IN WHAT KIND of shape is our civil defense to handle disaster if an enemy began dropping A-bombs on this country tomorrow?

The answer—bad shape—comes from the Office of Civilian Mobilization (OCM).

The OCM is the government agency responsible for helping states and cities plan in peacetime for what they must do in case of an attack.

Why are we in bad shape on this civil defense? Because OCM people say, by and large cities and states hadn't shown much interest until the Korean crisis broke. Now interest is picking up.

Here are some of the places which OCM people say have done a good civil defense planning job:

California, Michigan, Indiana, District of Columbia, Pennsylania, Hawaii, Milwaukee, Hartford, Conn., Fort Wayne Ind., Seattle, Wash., Portland, Ore., Pittsburgh, Detroit.

At The Front

By HAL BOYLE

We Finally Made It

IN KOREA

GETTING to the Korean battlefront is as hard as buying ten quick tickets to a hit Broadway play.

It is that popular. You have to stand in line to get there.

Hal Boyle

Just why this is true I don't know. The people I have met so far seem to fall into three classes, none of which you would think would be interested in fighting.

1. There are the old line army officers who have been through two world wars and could retire—but they are still eager beavers in the service. They refuse to retire while the guns are still firing.

2. There are the brave boys below voting age who should have a lifetime of peace and education to look forward to—and yet they willingly put their bright future on the altar of patriotism.

3. There are young married men with children to raise. Wouldn't you think they would say, "My family first, my country afterward?" But somehow they don't, bitter as the decision is.

To get to Korea you have to buck people from all three of these classes who want to get there ahead of you. There is a backlog all along the line and it is a kind of privilege to make the trip over.

-:-

TO TELL THE TRUTH, I didn't feel much that way myself at first. I thought it didn't make any real difference to me whether I came one week or the next. I know enough about war to realize that it always goes on longer than it is expected to.

But it only took Don Whitehead, an old buddy from the second world war, and myself about 49 hours to fly from New York to Tokyo. Then, after getting our gear and credentials, we were stymied for 72 hours going from Tokyo to Korea because of a typhoon.

That seems to me something our people at home don't realize—how much a part the weather plays in this war and how cleverly the North Koreans timed their attack to get the benefit of the rainy season.

You can fly 8,000 miles to Tokyo in two days and then be held up three or four days getting 300 miles from there to Korea.

It isn't of historic importance, of course, that a couple of correspondents were delayed three days by a big wind from getting to their assignment. But it is important that for much of that time the ground forces in Korea didn't get the full air support they so desperately needed.

-:-

THE PLANE we finally got off on carried people of the three classes I mentioned earlier—the boys, the young men with families and the older men with eagles or silver leaves on their shoulders who won't leave a fire while the flames are showing.

Because of further bad weather and a low priority I was among a group that was bumped from the plane and lost an extra day on the way. So did some of the boys and the young men with families. The older brass got through, probably for a good reason—they were more important.

But everyone who was held over resented it. So did most of the guys who had spent as much as ten days at that forward airbase in Japan trying to get over. It is a standing room only situation.

Why? I think it is because of the magnificent stand made by the lone 24th infantry division which for weeks stood by itself for America. The United States is a funny country. Like England it doesn't dissolve in time of trouble. It pulls together. Danger knits us more than prosperity.

That is why so many today want to pay the debt of honor we feel we owe the so-called green kids who held as best they could with the little they had for the nation that is now going to give so immeasurably more to win.

(AP Newsfeatures)

Looking Backward

From The News Files

FORTY YEARS AGO—Miss Zora Lingo of Garfield ave entertained Mrs. Stanton Hack's guests at the Country Club Tuesday. The guests were Misses Georgia Carr of Lynnville, Ruth Galbreath of Rogers and Ida Galbreath of Leetonia.

Mrs. L. P. Metzger, South Metzger and Mrs. C. F. Smith and daughter of McKinley ave spent Wednesday in East Liverpool attending the Masonic outing.

Miss Martha Young and Mrs. B. F. Stanton were accompanied to East Liverpool by their guest, Mrs. Hiram Kenyon of Indianapolis.

TWENTY-FIVE YEARS AGO—Miss Mary Wright will leave Friday for Cleveland, then take a motor trip to Buffalo, Albany, Bethlehem and Watkins Glen, N. Y., Portland, Me. and Boston.

After a sensational winning streak of one straight, the Yankees lost to the Indians, 17-9, in spite of the fact that the Indians were held to 20 hits.

French reverses and an increasingly serious situation in Morocco greeted Marshal Petain's first day at Rabat.

TEN YEARS AGO—Democrats whose pockets were crammed with third term pledges gathered for their national convention convinced that President Roosevelt would accept nomination. The problem seems to be the choice of the No. 2 man.

Mr. and Mrs. Arthur Short of W. Eighth st have returned from a trip through the east and to Virginia Beach.

Cleveland was a 6-5 eleven-inning victim of the Washington Senators.

Columbiana

High School Road Being Graded

Black Top Surface To Go On In September

COLUMBIANA, July 27—Street Commissioner Craig Quigley and his force are grading the alley past the high school premises from Pittsburgh st to Friend st for the slag base which will be put in at once. The black top surface will be put on in September in connection with the seal coating of several paved streets.

-:-

THE SIX WEEKS of swimming instruction from 9 to 10 a. m. at Firestone Park will conclude August 4, after which the pool will be open for free swimming from 10 a. m. to 12 noon.

-:-

THE COLUMBIANA county W. C. T. U. held its annual meeting at the county home west of Lisbon last Sunday, with Winona as the host union. Rev. Thomas Hammerton of the Winona Methodist Church conducted devotions, and Rev. John Waelde of the Lisbon Methodist Church pronounced the benediction.

The annual county picnic of the W. C. T. U. will be held at the East Palestine park August 4, with covered dish dinner.

-:-

Columbiana Briefs:

James Young of Leetonia is the new clerk at the Columbiana station of the Pennsylvania Railroad, succeding Tracy Powell, transferred. Robert Blake of Columbiana will be the vacation substitute the next four weeks and two weeks in East Palestine.

William Brown of Leetonia, who has been sexton of the Columbiana cemetery for the last five years, has resigned and is succeeded by Richard Wenderoth of Columbiana. Brown will enter the employ of a clay company at Canfield.

Robert Lamoncha, 31, son of Mr. and Mrs. J. K. Lamoncha, southwest of town, is still unconscious in Southside Hospital, Youngstown, from injuries received in a motorcycle accident two weeks ago last Saturday. The doctors say his physical condition shows steady improvement and expect him to recover.

The L. L. class of the Presbyterian church will meet in the church parlors at 8 p. m. Friday.

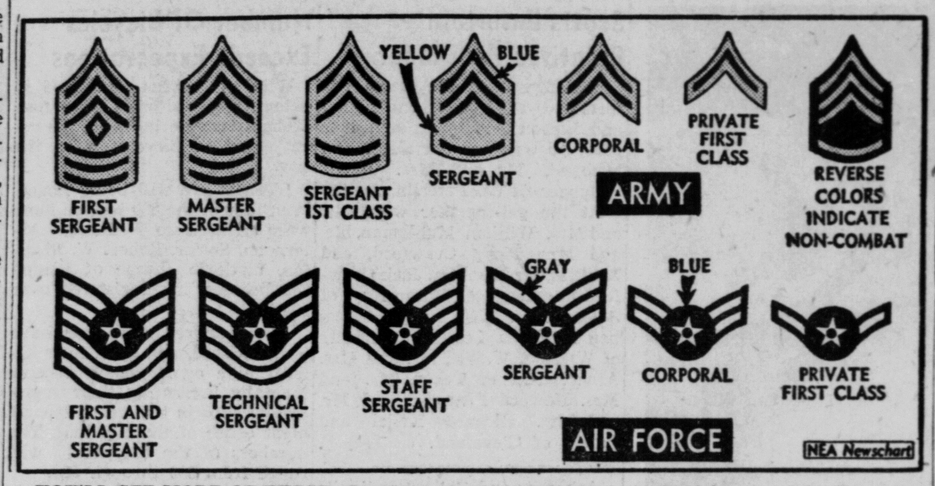

Ex-Councilman Wesley Burkhart is convalescing at his home, South Vine st, after an operation in South Side Hospital, Youngstown.

Pearl Clawges of South Vine st underwent an operation in Salem City Hospital Monday for double rupture suffered recently while at his work in the Deming Co.'s plant in Salem.

Three counties, Columbiana, Carroll and Stark and Sebring in Mahoning county are embraced in District 13 of the O. E. S. of which line officers and past matrons will have their annual picnic in Pavilion 4, Firestone Park, today at 6 p. m.

GALBREATH ADDS STOCK

COLUMBUS, July 27—(AP)—John W. Galbreath, Columbus real estate operator, today owns 948 more shares of the Pittsburgh Pirates baseball club. The recently elected Pirates president acquired the extra shares yesterday from the estate of his wife, the late Mrs. Helen Galbreath, who died three years ago. Galbreath, a probate court entry showed, received the stock in return for paying the estate taxes of $174,432 on his wife's $646,634 estate.

YOU'LL SEE MORE OF THESE—Recent changes in the sleeve insignia of Army and Air Force enlisted men have left even ex-GI's confused about relative ranks in the services. Above are current insignia for non-commissioned officers of the Army and Air Force. Air Force chevrons were completely re-designed, while the major change in Army insignia was omission of the old three-stripe sergeant chevron, and the use of reverse colors for non-combat branches.

60 Boys To Attend Ohio Forestry Camp

CARROLLTON, July 27—Some 60 boys from 42 Ohio counties will attend the first forestry training camp in Ohio Aug. 20-26 at Camp Muskingum in Carroll county.

The camp, sponsored by the Ohio Forestry Association, is designed to bring to rural boys the practical knowledge with which they may become leaders on their farms and in forestry.

Boys are selected from each county by a committee composed of the Ohio Forestry Association county chairman, the county agricultural agent, the county superintendent of schools, the vocational agriculture instructor, the farm bureau manager and the deputy grange master.

Ceramic art reached a high degree of development in Egypt as early as the 16th Century B. C.

From where I sit ... by Joe Marsh

Take Your Choice

Sitting around last Friday evening, the talk turned to the best way of getting to sleep when it seems you just can't. "The way I always do," says Sandy Johnson, "is to breathe deep and make believe I weigh a ton."

"Just throw away the pillow—it works every time," says Buzz Ellis. When counting sheep came up, right away was the question: What *kind* of sheep?

From where I sit, you could argue 'til Doomsday and never get complete agreement on a lot of things. Now, take me. I'm all for having a glass of beer or ale on occasion. Your "sociable beverage" may be a "Coke"—or buttermilk or maybe a cup of hot coffee.

But enjoying our preferences is a *right* in this country and each of us is entitled to his own. The important thing is to respect that right in the true democratic spirit of understanding! As a matter of fact, what a tiresome old world this would be if we all did have the same likes and dislikes!

Joe Marsh

Judy DeJane, Robert Sell Married In Trinity Church

REV. GEORGE D. KEISTER heard the exchange of vows when Miss Judy DeJane and Robert Sell were married Wednesday at 5:30 in the sanctuary of Holy Trinity Lutheran Church.

The bride is the daughter of Mr. and Mrs. Walter DeJane of E. School st, and the groom is the son of Mr. and Mrs. Leroy Sell of Woodland ave. Only the immediate families witnessed the single ring ceremony.

Ice blue brocaded satin was used to fashion the bride's street-length frock. She complemented her costume with a corsage of red roses and her accessories were white.

Miss Patricia Ann DeJane was her sister's maid of honor. Her waffle pique dress was pale blue and her corsage was of vari-colored sweetpeas.

For her daughter's wedding Mrs. DeJane wore a frosted brocade sheer in an aqua shade, with red accessories. Mrs. Sell chose a grey print frock with white, and both mothers wore red roses.

Charles Sell served his brother as best man.

The couple gave their attendants gifts.

After the ceremony the newlyweds welcomed their friends at a reception in the DeJane home. More than 75 persons were present from Salem, Washingtonville, Greenford and Boardman.

The refreshment table was covered with a lace cloth and the beautiful square three-tiered wedding cake was encircled with rosebuds and smilax. The cake, topped with a tiny bridal couple and bell, was decorated in white and pale green. Lighted white candles in crystal stood on either side of a bouquet arrangement of white roses, daisies, baby's breath and snapdragons.

Assisting in serving were Mrs. Fred Martell of Greenford and Mrs. Wilbur Hendricks, aunts of the bride, and Mrs. James Minamyer.

For a honeymoon trip to Canada the new Mrs. Sell wore navy blue with white. They will return the first of August to make their home at 1032 E. Third st. Mr. Sell is associated with his father in operating a service station on N. Ellsworth ave.

Helene Prudner, President Of BPW, Attends Convention

MISS HELENE PRUDNER HAD THE PRIVILEGE of being one of 3000 delegates who attended the 10th Biennial Convention of the National Federation of Business and Professional Women's Club, Inc., held from July 2 to 7 in San Francisco.

Miss Prudner is president of the local organization. During her three weeks stay on the West Coast she visited her sisters, Mrs. Kenneth Ward of Oakland and Mrs. John B. Casseday of Merced, Calif.

Highlights of the program heard by the delegates who represented 155,000 members from every state in the nation and Alaska, Hawaii and the District of Columbia, included an address by federation president, Dr. K. Frances Scott.

Other notables present were T. V. Smith, professor of the Maxwell Graduate School of Citizenship and Public Affairs, Syracuse University; Elinore Herrick, director of personnel, editorial writer of New York Herald Tribune; William S. Rosecrans, vice president of the United States Chamber of Commerce and movie actress Rosalind Russell.

Judge Sarah T. Hughes of Dallas, Tex., was elected president of the national organization.

Particular attention at the convention was given to items of legislation, and a platform was adopted which included extension and improvement of the merit system in government and the elimination of discrimination in the civil service based on sex.

The members approved the equal rights amendment of the constitution and opposed discrimination against women. They voted to continue support of jury service for women, of strengthening the United Nations and of conservation of natural resources.

In the field of health and safety, the convention supported the expansion of public health programs, medical research, education and hospitals, voluntary medical care, group insurance and opposed compulsory insurance.

The Salem club members will have a picnic meeting at 6:30 Monday in the closed pavilion at Centennial Park.

Bruderlys Are Guests Of Noname Club Group

Mrs. Robert Bruderly, former member of the Noname club, with her husband of Youngstown, were guests at the picnic meeting of the club last week at Woodland lake, Homeworth.

A wiener roast which followed a swim was enjoyed by the 16 present.

Mrs. Walter Alesi will entertain the club Friday evening at her home on S. Lundy ave.

Church Picnic Set

Members of the New Garden Community Sunday School and Church will have a picnic dinner at Woodland Lake near Homeworth July 30. All members and friends are invited to participate in the program of games, swimming and prizes.

Barbara Martig Wed To Leroy Munsell

Announcement is made of the marriage of Miss Barbara Martig, daughter of Mr. and Mrs. Sylvester Martig, to Leroy Munsell, son of Mr. and Mrs. Byron Munsell, of Garfield.

The ceremony was solemnized in Maysfield, Ky., on July 3. Mrs. Munsell, mother of the groom and Mrs. Byron Munsell, Jr., sister-in-law of the groom, were the only attendants. He is employed by the Limoges China Co. in Sebring. The newlyweds attended Goshen High School.

They are making their home for the present with the groom's parents.

40 Attend Reunion Of John Family

Roy John was named president of the John family reunion Sunday at Westville Lake. His wife was elected secretary-treasurer by the 40 members of the family who gathered from Salem, Winona, Alliance, Homeworth, Warren and Canton.

Mrs. Matilda Marlnee of Alliance was the oldest member of the family present.

The reunion will take place at the same place next year on the fourth Sunday in July.

Orange Coconut Pie Delicacy

"THE bride wore lace and orange blossoms — a single sunburst of jewels decorated the neckline of her gown." What sounds more glamorous than a description of a bride? Glamorous describes this beautiful orange coconut sponge pie, too.

You may not be able to wreathe your pie in fragrant orange blossoms, but even without flowers, you'll still have a glamorous dessert "wearing" a drift of delicate lacy coconut and a sunburst of golden orange sections. If you plan a party for any brides-to be, you can't choose a more fitting climax for your refreshments than this pie.

ORANGE COCONUT PIE

1 envelope (1 T) gelatin
¼ cup cold water
¾ teaspoon salt
1/3 cup sugar
1 cup milk
2 egg yolks, slightly beaten
½ cup orange juice
2 tablespoons lemon juice
½ teaspoon grated lemon rind
1 teaspoon grated orange rind
2 egg whites
¼ cup sugar
1 baked 9-inch pie shell
1/3 cup shredded coconut
Orange segments

Combine gelatin and ¼ cup cold water; mix well. Add sugar and salt to 1 cup milk and heat in double boiler. Pour over gelatin and stir until gelatin is dissolved. Add small amount of hot mixture to egg yolks, stirring constantly. Add to hot mixture and return to double boiler. Place over boiling water and cook 2 minutes, stirring constantly. Cool. Add fruit juices and rind. Chill until slightly thickened.

Beat egg white until foamy, add ¼ cup sugar gradually and continue beating until stiff. Fold in gelatin mixture. Pour into cold pie shell. Sprinkle with coconut. Garnish with orange segments to form star-shaped design in center of pie. Chill until firm.

Personal Notes

Betty Jeane and Robert Ritchie of Salem are among the 6,081 students enrolled for the summer session at Indiana University at Bloomington, Ind.

Mr. and Mrs. Roy Richards of E. Seventh st returned home Wednesday after several days of visiting with friends in Charleroi, Pa.

Mr. and Mrs. Chester Geist of S. Ellsworth ave and Mr. and Mrs. Oscar Krepps of E. Fifth st have returned from a 4,000 mile trip through the west. They visited the Bad Lands, the Black Hills, Yellowstone National Park and Colorado Springs.

Mrs. Minnie Rankin of Cleveland is spending a few weeks at the home of Mr. and Mrs. Floyd Vesey and family of the Ellsworth rd.

Mrs. Ralph Cannon and daughter, Karen Sue, former Salem residents who now live in Miami, are arriving Saturday to visit with her parents, Mr. and Mrs. Floyd Crawford of E. Eighth st and other relatives here.

Mr. and Mrs. Clifford Cook of Atlanta, Ga., have concluded a visit with Mrs. Cook's aunt, Mrs. J. V. Durham of Vine ave. Accompanying the Cooks were Mr. and Mrs. James Patrick.

Dr. and Mrs. Paul Corso and family of Aetna st are on two week vacation at Virginia Beach, Va.

Coy Family Reunion Held Here Sunday

More than 100 members of the Coy family met Sunday in the largest reunion in many years. The 52nd annual get-together was held at Centennial park starting with a picnic dinner at noon.

Forrest Coy of Massillon was elected president, Ellis Coy of Salem vice president and Mrs. A. T. Crawford of Salem secretary-treasurer.

Music and games entertained in the afternoon.

The reunion next year will be held the last Sunday in July in Centennial park.

Scotts Entertain Relatives At Dinner

Mrs. Ray Scott of Alliance entertained relatives from Salem and Lisbon Sunday at a dinner party to welcome her sister and husband, Mr. and Mrs. James Pittenger of St. Petersburg, Fla.

At the get-together were Mr. and Mrs. William Muhleman, Mr. and Mrs. Floyd Crawford, and families, Mr. and Mrs. Jack Crawford and daughter, Susan Kay, of Salem, Mrs. Rose Riley of Lisbon Mrs. Ida Lodge and family of Wierton, W. Va., Mr. and Mrs. Albert Yost of Texas, Mr. and Mrs. Howard Pittenger and Mr. and Mrs. Richard Krijci and family of Cleveland.

Arkansas and California lignite are a good source of the montan wax used in industry, according to the U. S. Bureau of Mines.

Number Of Bicycles Exceeds Expectations

With the census completed in Salem, city officials are now probably wondering what the exact count of bicycles is in the city.

Licenses are still being issued, even though the 500 tags on hand were all used up Wednesday afternoon. So far, Robert W. Rheutan, clerk in charge of issuing the licenses, has registered over 600 bikes.

Four hundred more tags have been ordered, and upon their arrival bike owners can receive them by presenting their registration slips in the water department office of the city hall. The numbers of the new tags will range from 600 through 999.

If you can't win a vacation on a radio give-away, sell don't want thru want ads for vacation cash.

59 Polio Cases In Virginia Town

Epidemic Alarming To Health Authorities

WYTHEVILLE, Va., July 27—(AP) — A virulent outbreak of polio, which has killed almost 15 per cent of those who contracted the disease, continued unchecked today in this southwest Virginia town of 5,500 persons. The normal death rate is about four per cent.

Wytheville itself has had 59 cases. Wythe county as a whole, (pop. 23,000 including Wytheville) has had 75 cases, with 11 deaths — an average of almost three cases per day since the epidemic began July 1.

State Health Commissioner L. J. Roper termed the town and adjoining Wythe county an area of "tension."

Four new cases and two more deaths were reported yesterday from the polio-ravaged county, hardest hit spot in the nation this year and scene of the worst outbreak in Virginia's history.

Basil O'Connor and Dr. Hart E. Van Riter, president and medical director of the National Foundation for Infantile Paralysis, now in Richmond, will discuss the situation with state health officials.

Airport Ready If Capital Is Bombed

WASHINGTON, July 27—(AP) —The armed forces apparently plan to have at least one airport and a military communications center ready for action if Washington is bombed.

Senator Tydings (D-Md.) said yesterday that the new Friendship Airport between here and Baltimore will be used to defend Washington if "atomic bombs are thrown around."

The Defense Department announced earlier that it will build a supplemental communications installation at nearby Camp Ritchie, Md., as part of its long-range planning. It apparently is intended for use in case the Pentagon ever is knocked out.

WAC'S BACK—Pfc. Rita Strittmatter of New York became the first WAC reservist to apply for active duty on the outbreak of the Korean war. She's being congratulated by Col. H. A. Cooney, chief of the New York military district. A World War II veteran, Rita has six battle stars to her credit for European service.

Kansas B-25 Crash Kills Six Crewmen

OAKLEY, Kas., July 27—(AP) —A twin-engine Air Force plane crashed during a thunderstorm yesterday, killing all six men aboard and scattering wreckage over a two-acre area.

The plane, a B-25, hit in a pasture about 12 miles southeast of this western Kansas town.

Some of the crewmen apparently attempted to parachute. A chute on one body was ripped open. Parachutes were strapped to three other victims.

The B-25 was enroute from Scott Field, Belleville, Ill., to Lowry Field, Denver.

Officials at Randolph Field, San Antonio, Tex., the plane's original base, said names of the dead would be released there as soon as next of kin had been notified.

ECA Buys Rubber For Seven Million Tires

WASHINGTON, July 27 — (AP)—The Economic Cooperation Administration (ECA) has bought enough rubber from Marshall Plan countries to produce 7,000,000 automobile tires.

Announcing this today, ECA added, "the catch is: car owners and tire dealers will get none of it."

ECA said the rubber has gone into the U. S. stockpile for use, if needed, in making equipment for airplanes, army trucks, jeeps and other items.

GIVEN 15-YEAR TERM

COLUMBUS, July 27—(UP) — Federal Judge Mell G. Underwood sentenced Nick Navromatis, 22, Steubenville, to 15 years in prison Wednesday for his part in the $681 stickup of a bank at Bergholz, Jefferson County, last May 19. Navromatis pleaded guilty.

Navy Guided Missile Work Done On Paper

NEW YORK, July 27—(AP)—The Navy is experimenting with modern weapns right in the heart of New York City—but the shooting is all on paper and nobody gets hurt.

Top secret research in problems involving guided missiles is being conducted here with the aid of a mathematical computing machine, the Navy revealed yesterday.

From figures produced by the machine, scientists can tell what a certain guided missile will do in flight—even though the missile doesn's exist except on paper.

With paper work out of the way, exact specifications and plans are ready and the missile can be built.

It's a money-saver, the Navy said. To construct the flying bombs, try them out and correct shortcomings would cost millions. And it would take a lot of time.

The electric brain machine—"project cyclone," the Navy calls it—does the job cheaply, quickly and accurately.

Army May Order Up Doctors In Reserve

WASHINGTON, July 27—(AP)—The Army is considering ordering individual medical reserve officers to active duty.

A spokesman said yesterday that at present no army reservists are being called up unless they are members of activated units.

But an Army medical service official said that of the 3,000 medical reserve officers urged last week to volunteer for active duty, only 15 have responded thus far. About 354 are needed now, and the number is expected to increase.

The Navy and Air Force also reported that they need medical men.

Two Ohioans Included On Casualty List

WASHINGTON, July 27—The Defense Department's Korean casualty list No. 43 made public yesterday listed these Ohioans:

Pfc. Leonard Lee Richards, son of Mr. and Mrs. D. A. Richards, Toboso (Licking county), killed in action; Pfc. Charles L. Whitaker, son of Mrs. Pearl Whitaker, 1491 Beacon st, Cincinnati, missing in action.

THESE American soldiers of Korean ancestry pose for cameramen in Honolulu, Hawaii, as they leave for duty with General MacArthur's Far East Command forces. On steps (top to bottom) are: Cpl. James S. Bac, Cpl. Michael T. K. Hong and Sgt. Samuel S. Ahn. On ground are: Sgts. Robert C. W. Hoy (left) and Sung Charles Shin.

Navy Asks Volunteering Of Reserve Chaplains

WASHINGTON, July 27—(AP)—The Navy today asked for naval reserve chaplains to volunteer for active duty.

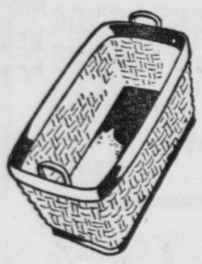

A statement said the reserve chaplains are not being ordered involuntarily to active duty at this time.

Reserve chaplains holding the rank of lieutenant commander and below and under 50 years of age were asked to apply for active duty to the Bureau of Naval Personnel, Washington 25, D. C.

The navy said the applications should include the approval of appropriate church authorities and should say when the applicant will be ready to report for duty.

First Marine Corps officer was First Lieutenant John Trevett. He reported for duty on board the "Columbus" in November, 1775.

Schools In County System Open Sept. 5

LISBON, July 27—Five elementary grade teachers are needed in thte county school system, Supt. J. M. McBride announced today as he completed plans for the opening of school Sept. 5.

One first grade and one second grade teacher is needed, and two third grade teachers and one instructor for the upper grades, McBride said. One combination mathematic and latin teacher is also needed in high schools before the opening of the fall term.

The school calendar for the county system, announced today by Supt. McBride, includes a holiday for pupils on Sept. 15 as Columbiana County Fair day, one on Oct. 27 for the Northeastern Ohio Teachers Association meeting in Cleveland, and recess for the Thanksgiving vacation, Nov. 23-24, and the Christmas vacation, Dec. 23 to Jan. 1.

Semester exams will be held Jan. 16-17 with the second semester beginning Jan. 19. Schools will close for Washington's birthday, Feb. 22, and the Easter vacation March 23-25. Semester exams will be conducted May 22-23 and the term will close on May 25.

Rural Women Begin Camp Crag Outing

LISBON, July 27—Rural women of Columbiana county, numbering around 20, today began their annual three-day outing at Camp Crag in Medina county, County Agent Floyd Lower announced. The women registered in the camp today and will participate in handcrafts and various diversions during the three day vacation which ends Sunday, July 30.

On Friday, 36 Columbiana county young people representing the Senior 4-H clubs, will register at Camp Whitewood in Ashtabula county for a similar outing of planned activities including handcraft, sports and various diversions. They will break camp on Tuesday, Aug. 1 when 170 youths representing the Junior 4-H Clubs will take over and be encamped until Aug. 5, Harry G. Smith, assistant county agent announced.

About 90 per cent of violets used for commercial purposes in the United States are grown around Rhinebeck, New York.

Men Refuse To Work With War Isolationist

YOUNGSTOWN, July 27 — (AP)—CIO United Steelworkers at the Briggs Manufacturing Co. plant yesterday refused to work with a fellow employe who had been arrested for distributing literature protesting American intervention in Korea.

They staged a five-minute sitdown strike, returning to work only after the man left the plant. Company officials took no part in the dispute.

"We would rather sit down all day than work with him," a union official said.

The man had returned to work yesterday after a two-week suspension for falsification of company records. He was arrested July 9 for distributing the literature.

Most of the Briggs workers are war veterans.

Strip Mine Safety Rules Considered

COLUMBUS July 27—(AP)—The State Industrial Relations Department will name a committee next week to recommend safety rules for use of explosives in strip mines and quarries.

Decision to appoint the committee came yesterday after a public hearing, called to hear testimony on five safety rules proposed by the state.

The younger generation's great mistake is that it has learned things too readily from the older.

Black Market Threat Watched

War Scare Called Racket Temptation

WASHINGTON, July 27—(AP)—Senate crime investigators promised today to keep a sharp lookout for any sign of war-spawned black market operations by racketeers and criminal gangs.

They warned that shortages caused by the Korean fighting and an expanded military program are likely to draw "racket money" into trading in scarce commodities. Black markets, in which scarce goods are sold illegally for high prices, traditionally spring up when a government undertakes to control sales.

A statement from the special Senate committee to study crime said that investigators "had found many leads tending to show that racket money was at the basis of black market operations of considerable magnitude" during World War II and the post war period.

"With the present reported rush on the part of many persons to hoard commodities of every type," said Chairman Kefauver (D-Tenn), "there is undoubtedly a strong temptation for these racketeers to turn again to these lucrative by-lines."

He added that if the committee uncovers evidence of this, it will promptly report to Congress and the public.

Negro Combat Team Beats Off Communists

TOKYO, July 27—(AP)—The 24th regimental combat team, only negro combat unit identified in the Korean campaign, beat off a Communist attack on the central front yesterday.

A spokesman for General MacArthur's headquarters reported the action today, and for the first time permitted identification of the unit.

The action occured about 15 miles northeast of Yongdong near the village of Maromyon.

North Koreans attacked with infantry behind an artillery barrage, the spokesman said, but he gave no details of subsequent fighting beyond saying the 24th beat back the attack. The 24th is attached to the 25th division.

FABULOUS YELLOWSTONE has everything—even a twister. Spokane Daily Chronicle's northwest editor Harold R. Boyd, vacationing near Macks Inn., Idaho, northwest Idaho town, saw a strange cloud (top) over Yellowstone Park a few miles to the northeast, and began clicking his "drugstore" camera to record the birth, full bloom (center) and fadeway of a baby tornado. No damage was reported after the twister which was accompanied by heavy rain and hail.

Cleveland Fights To Get Near Turnpike

CLEVELAND, July 27—(INS)—City officials were lining up today in support of a request to Mayor Thomas A. Burke asking him to fight to have the Ohio turnpike brought to within 5-½ miles of Cleveland's public square.

Law director Lee C. Howley and city planning director James M. Lister said they would ask the mayor to have the turnpike cross Cuyahoga county in the general line of Brookpark road, which is Ohio Route 17.

The proposed route recommended by the state highway department would have the pike cross through a point near Strongsville, 16 miles from the square.

STEEL FIRM'S INCOME UP

YOUNGSTOWN, July 27—Second quarter net income of Youngstown Sheet & Tube Co. rose to $10,785,832, compared with $7,490,941 in the preceding quarter and $9,020,705 in the second quarter of last year. Net sales and other revenue were $100,641,665.

26 On Plane Down At Sea Near Tokyo

TOKYO, July 27 —(AP)— A C-47 military transport plane with 26 persons aboard—believed to include four war correspondents—plunged into the sea today 10 miles south of Japan's Oshima island.

General MacArthur's headquarters announcement of the ditching said one survivor was picked up and others are being sought.

The four war correspondents left the Tokyo correspondents club for Korea early Thursday. They were identified in an unofficial list as:

James O. Supple, Chicago Sun-Times; Maximilien Philonenko, Agence France Presse; Stephen Simmons, Hilton Press and London Picture Post; and Albert Hinton, who represented the Norfolk Journal and several other Negro newspapers.

There were 23 passengers and three crewmen on board.

Headquarters said the third air rescue squadron has been alerted for a search.

Guardsman Leaving Gets Draft Orders

MEADVILLE, Pa., July 27 —(AP)—George Barrickman is a private first class in Meadville's heavy mortar company of the Pennsylvania National Guard.

He is scheduled to leave tomorrow night with the company for training maneuvers, but he's worried he may be marked AWOL.

George's draft board has told him to report for his pre-induction physical Saturday morning. If he's not there, he's subject to immediate induction into the armed forces.

The Pennsylvania adjutant general's office is being asked to decide who has first claim to George.

Carnegie-Illinois Plant To Increase Production

YOUNGSTOWN, July 27 —(UP) — Carnegie Illinois Steel Corp. announced today that it will increase production of blast furnace iron at its Ohio works by nearly 800 tons daily by installing new turbo-blowers.

John W. Humphrey, general superintendent of the plant said work on the equipment, which will replace obsolete blowers, will begin next week and should be completed in about 10 months.

Two abandoned boiler houses, used for storage since 1936, will be torn down to make room for the new equipment, and American Bridge Co. will erect a new building to house the turbo-blowers and auxiliary equipment.

ACCIDENT VICTIM DIES

MASSILLON, July 27—A Canton man, Charles P. Clewell, 7[illegible] died in City Hospital yesterday of injuries received in an automobile accident near Dover, on Tuesday. In the same accident his wife was critically hurt.

CHARDON GETS METERS

CHARDON, July 27 — Geauga county's first parking meters will be installed in this county seat.

Australia Is Urged To Mobilize Industry

SYDNEY AUSTRALIA, July 27—(AP)—Supply Minister O. H. Beale said today Australia must mobilize her industry for all-out war—even as the country began recruiting a force to fight in Kor.

Beale told a defense supply and planning committee in Melbourne that its job is to build a stockpile of needed materials to bolster the armed forces and to plan the immediate mobilization of key industries in the event of war.

Australia began recruiting a fighting unit for Korean duty this morning.

Francis said theAustralian force probably will comprise a division but added that this would depend on Prime Minister Robert G. Menzies, who arrives today in the United States to confer with President Truman.

Since New Zealand already has announced she will provide an artillery unit, Francis said Australia's contribution probably will consist mainly of infantrymen.

Airline Pilot Saves Stricken Passenger

NEW YORK, July 27—(INS)—A quick-thinknng airline pilot was credited today with saving the life of a 22-year-old woman by breathing into her mouth when she lost consciousness five-minutes after the plane took off for Chicago.

Trans-world airline officials said that first officer Vernon J. Olson, of New Hyde Park, N. Y., kept Mrs. Mary Hope Weir, 22, of Los Angeles, alive until the plane returned to LaGuardia field and a pulmotor revived her.

Mrs. Weir had returned from Paris yesterday and was en route to Los Angeles for further treatment for a head injury suffered in an automobile accident in Europe.

$10,500,000,000 MORE for defense, occasioned by the Korean war, is asked by President Truman. He asks that Congress raise the money by raising income, corporate taxes to World War II levels.

GRANGERS TOUR OHIO

COLUMBUS, July 27—Ohio State grange officers begin a tour of Ohio today on which they will confer the sixth degree on grangers in the following places: Zanesville, today; Carrollton, Friday; Kent, Saturday; Jackson Center, Monday; Otterbein Home, four miles west of Lebanon, Tuesday. and Jackson, Wednesday.

Seven Drivers Fined In District Courts

Seven drivers were fined a total of $170 recently in area courts as the result of highway violations.

Mayor Harry Vincent found Richard Class, 27, of Canton guilty of following too closely and fined him $15 and costs. Vincent also fined Ashley S. Wilson, 70, of R. D. 1, Salem, $15 and costs for passing on a curve.

Fred Blair 23, of Unity paid $15 and costs in Mayor Erwood Calvin's Columbiana court for driving left of center. The mayor also fined Robert E. Jenkins 45, of Youngstown guilty on a charge of having fictitious license plates and fined him $50.

Omar E. Dickson, 25, of Canton was fined $50 and costs by Mayor Paul Merwin of East Palestine for reckless operation. William W. White, 27, of East Liverpool paid $10 and costs in Mayor Kenneth Hiscox's court for failure to obey a stop sign.

Leroy Tony, 27, of DuBois, Pa., was charged with following too closely by state patrolmen, and was fined $15 and costs in Justice Clara Gardner's Edinburg court.

Grocer Raises Price, Triples Sugar Sales

WASHINGTON, July 27—(INS)—Grocer Max Rosenthal agrees with P. T. Barnum that there's a sucker born every minute.

On Tuesday Rosenthal was selling five pounds of sugar for 49 cents. Customers took about 300 pounds at the price.

But when he doubled the price and stuck up a big sign advertising a special—five pounds for 98 cents—his sales of sugar more than tripled.

The grocer's comment; 'It just don't figure."

Earl Mauck, Newsman, Dies In Gallipolis

GALLIPOLIS, July 27—(AP)—Earl Wayland "Squire" Mauck, 74, the man who helped the late columist O. O. McIntyre get his start in the newspaper world, died in Gallipolis hospital last night.

Mauck was associate editor of the Gallipolis Tribune, with which he had been affiliated 19 years.

One of the best known newspapermen of this area, he had worked previously on newspepers in East Liverpool, O., and in Charleston, Huntington, Logan, Welch and Williamson, W. Va.

DRAFT IN 23 BRACKET

DOVER, July 27—To fill its selective service quota for physical examinations Aug. 14, the Tuscarawas county draft board has reached down into the 23-year-old age bracket.

Mr. and Mrs. William Springer, Sr. and family and Mr. and Mrs. Claude Custer were Sunday guests of Mr. and Mrs. William Mosslener of Pittsburgh.

Mr. and Mrs. Jack Cobb of Akron spent Sunday with her parents, Mr. and Mrs. P. M. Hawkins and family.

Mr. and Mrs. Harry George and Joyce Keck visited the Indian reservation at Schoenbrunn Sunday.

Housework Easy Without NaggingBackache

As we get older, stress and strain, overexertion, excessive smoking or exposure to cold sometimes slows down kidney function. This may lead many folks to complain of nagging backache, loss of pep and energy, headaches and dizziness. Getting up nights or frequent passages may result from minor bladder irritations due to cold, dampness or dietary indiscretions.

If your discomforts are due to these causes, don't wait, try Doan's Pills, a mild diuretic. Used successfully by millions for over 50 years. While these symptoms may often otherwise occur, it's amazing how many times Doan's give happy relief—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

814 New Cases Of Polio Seen In U. S.

WASHINGTON, July 27—(AP)—There were 814 new cases of poliomyelitis last week, the public health service said today.

During the preceding week there were 664 new cases. The weekly totals have been rising steadily since the week ending May 27, during which 102 new cases were reported.

The public health service calculates cumulative totals for polio on a "disease year" basis beginning with the twelfth week of the calender year, normally the low point for infantile paralysis.

The cumulative total for the current disease year is 3,869, compared with a five year average for the period of 2,725 and a comparative total of 4,990 last year,, the highest on record.

Totals fluctuated through the 18th week, then started climbing except for a slight decline in the twentieth week ending May 20.

For the past week, the largest numbers of new cases were in Texas,111; Virginia, 76; New York, 64; California, 54; Illinois, 45; Iowa, 42; and Kentucky, 40.

U. S. Acts To Keep Troops In Europe

HEIDELBERG, Germany, July 27—(AP)—U. S. Army Headquarters European Command announced today it had frozen all enlisted and officer personnel in Europe for six months, beginning August 31.

This means that all home leaves are cancelled after Aug. 31.

There was no indication immediately that the U. S. Air Force in Europe was taking a similar step. The United States maintains only a token naval force in Germany, but a sizeable one in the Mediterranean.

Korea

(Continued from Page 1)

the bitter fighting as "amazingly low."

But casualty lists issued here during the last day or two have disclosed a worrisome trend. The number of "missing in action" is increasing. A list yesterday carried 37 names in this category, while the total of wounded was two, the dead nine.

When the "missing" category begins to climb, it suggests that the enemy is doing good tactical work, is cutting off units and capturing them or at least isolating them for days.

If the defense perimeter can be held out 30 or even 20 miles from Pusan, the foothold still is reasonably sound. But if at any point the line falls back to a matter of 15, a dozen or less miles, the situation indeed becomes critical. Then the range for enemy bombardment of Pusan with long range artillery would be closing.

4-H Clubs

North Georgetown Jolly Co-ed club hostesses at a recent meeting were Donna Johnson, Janice Smith and Sally Hunstsman. Some of the girls' articles were judged by Mrs. Hahn after which a delicious lunch was served by the co-hostesses.

Every girl is to have completed her project by the next meeting to be held at 2 Aug. 7 at the home of Judy Planchock.

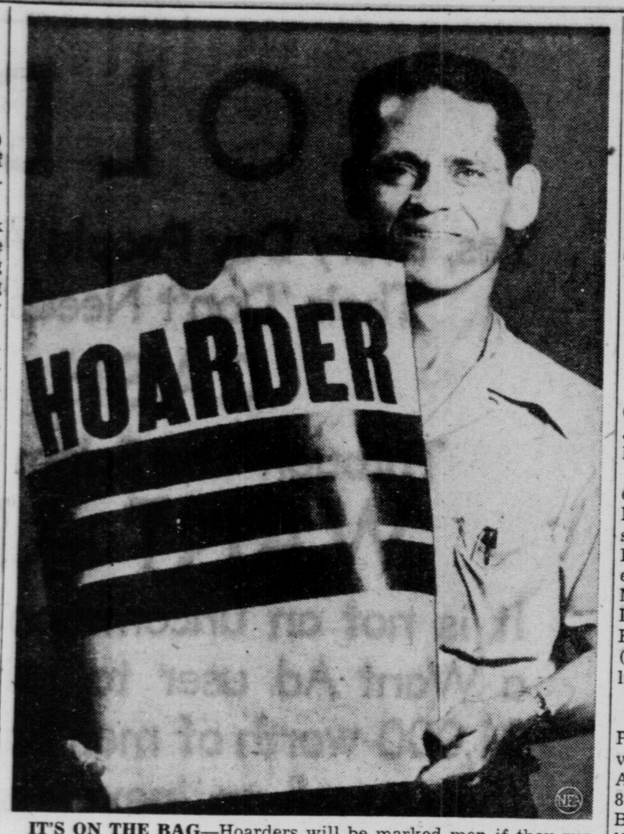

-:-

Hanover Wide Awake club members made plans for a special meeting on electrical work when they met Tuesday evening. Aug. 2 is the date of the electrical study session.

President David Snyder and Secretary Jack Pike were in charge of the business session. The next regular meeting will be held the evening of Aug. 8.

BUS STRIKE ENDS

PORTSMOUTH, July 27—The Portsmouth City Lines, Inc., resumed bus service in Portsmouth and nearby New Boston this morning after an 11-day strike of union bus drivers.

IT'S ON THE BAG—Hoarders will be marked men if they run afoul of Ernest L. Murphy's one-man, anti-hoarding campaign. Murphy's plan, proposed in Detroit, Mich., is to make the hoarder carry his goods in a specially-marked shopping bag, similar to the one above. This, thinks Murphy, would keep stores from being sacked by war-scared buyers.

Two North Korean Divisions Massing

TOKYO, July 27—(AP)—The crack Second and Third North Korean divisions were reported today massing for a big push against the center of the American line in Korea.

A headquarters intelligence officer said these and the badly mauled Communist First Division have borne the brunt of the Communist offensive.

"They are well trained, proficient in the use of their weapons and capable of extremely difficult maneuvers," the officer said.

Like the First Division, the Second and Third have suffered heavy losses, he added, but are still capable of pressing an offensive.

The spokesman said battle tested medium size Russian tanks have been spearheading Red attacks. He said the 31 ton tanks were equipped with 85 caliber cannon and two .50 caliber machineguns.

This tank is identified as the T-34 and the Russians put it to good use during the last war," he added.

ARMS GAME PROTECTORS

COLUMBUS, July 27—State game protectors may carry firearms, Attorney General Herbert S. Duffy ruled yesterday. The opinion was asked by Director A. W. Marion of the Department of Natural Resources.

Obituary

Sports ROUNDUP
OPINION---GOSSIP---NOTES--

YESTERDAY'S STARS: Batting—Jim Russell, Dodgers—Hit two home runs, one batting righthanded, one lefthanded, in 7-5 win over St. Louis.

Pitching—Mel Parnell, Red Sox—Shut out league-leading Detroit with five hits, 1-0.

Daily Dozen

By BOB DIXON

• From recent developments, it appears that the Indians are becoming a "home" ball club. Their last home stand was extremely productive and the first game with Philadelphia Tuesday indicated the Tribe likes it on the lake front.

• On their eastern trip, Boudreau's men didn't swing those heavy bats much, failing to get a single home run in three games at Washington.

• Their first night back, however, they cracked three HR's. Easter's two circuit blows could mean that he's back on the beam again.

• The Indians have a wonderful chance to move into first place during the next two weeks. With Boston and New York coming in and both having to play Detroit, the Indians could climb high with a modest winning streak.

• Hank Greenberg believes a .675 winning average from here on out will take the flag. The Tribe played at about .690 during the first half of the season.

• If the Indians are 1-2-3 in September and if the Browns are winning over National League opposition in football and if the war doesn't interfere, that montn will supply a lot of sports interest for Ohio fans.

• The Browns will have only one home game during September, however. That is an exhibition encounter with the Chicago Bears on Sept. 1.

• Two regular league contests will be played against the Philadelphia Eagles and Baltimore Colts on the 16th and 24th, both on the road.

• They'll come home to meet the New York Giants on Oct. 1. By that time the Indians will be either in or out, so that the Browns' home schedule won't interfere with the Tribe.

• In 1948, during the big pennant fight, the Indians literally drove Paul Brown's team off the sports page. Their attendance suffered acutely through the whole season as a result.

• This year the football schedule looks with more favor on the Browns. Five of their six home league games will be played after World Series time.

• Of course, the Browns could have the Cleveland field all by themselves if the Indians fail to hold up during the stretch drive. That could happen very easily.

Trotting Talk

By BOB CUBBEDGE

HARNESS racing currently is enjoying the greatest year in all its history—take the word of Don R. Millar for that.

Millar, vice president and guiding hand of the United States Trotting Association, predicted today that member tracks may handle a record betting take of close to 250 million dollars for 1950.

That figure can't compare with the betting handle on running races, but, as Millar points out, it represents a tidy sum.

The growing success and popularity of harness racing—both trotting and pacing—is an outstanding tribute to the sport's pioneers who first organized the U.S.T.A. ten years ago.

At that time, the nation's harness racing interests were handled by three separate organizations. Such a situation might not have proved disastrous, but it certainly wasn't healthy.

For example, under such a set up, a driver, trainer or owner might have been banned from one association for conduct detrimental to the sport, but still be elibible for membership in the other two.

"Bush league" harness racing also was conducted in a rather hazardous manner, sometimes without the sanction of any recognized power.

According to Millar, however, the situation now is entirely changed.

He pointed out that all recognized harness racing tracks—a total of about 600—are U. S. T. A. members in good standing, as are the 9,000 horsemen connected with the sport.

One of the association's main duties consists of checking the operation of any track at which parimutuel betting is conducted. The association also advises on racing dates, although its suggestions are not mandatory.

Last year's betting handle amounted to 209 million dollars, an increase of 7.4 percent over 1948. As Millar sees it, barring an outbreak of worldwide war, this year's jump will be even higher.

Tennis Troubles

By GAYLE TALBOT

ALDRICK Man, Jr., first gasped "you're fooling," and then, after a moment's painful reflection, muttered "it's simply unbelievable."

Man is the non-playing captain of Uncle Sam's Davis Cup tennis team, and he just had received a nasty shock in the form of news that Herbie Flam, a coast youth, had given Ted Schroeder an unmerciful pasting in the final of the clay court championships at Chicago.

Only a few minutes before, in discussing prospects for the team which will defend the cup—doubtless against Australia again—toward the end of August, Man had expressed his fullest confidence that Schroeder was playing himself into form and would be ready for the big test.

"I understand," he had said, "that Ted is feeling much better and is playing close to his best tennis again. That's the best news I've had lately."

And then the bombshell—Schroeder polished off in 50 minutes flat by the intercollegiate champion, Flam, who almost certainly has never entered Man's thoughts as a possible member of the team which faces the Aussies.

"Of course," Man finally said, somewhat weakly, "Flam's game is better adapted to clay than Ted's is. Ted has always been at his best on the faster grass courts. But, still, that doesn't explain his winning only five games from Flam in three sets."

Indeed, it does not. Nor does it mean anything except that the U. S. Davis Cup forces are in the most precarious position they have been in since they were defeated by the Australians in the 1939 challenge round. If we keep the cup this time it really will be a wonder.

AMVETS PROTEST GAME

The girls softball game between the South Side Sunocos and Salem Amvets, played Wednesday evening at Copacia's field was protested by the Amvets and will be replayed at a later date.

The protest arose on an umpire's decision involving the infield fly rule. The game ended with the Sunocos leading 9-3.

Tonight Beloit plays Leetonia here.

AFTER MONEY MARK

CHICAGO, July 27—(AP)—Proximity, eight-year-old trotting mare, goes after the 73-year-old money winning record Friday night at Sportsman's Park in the $15,000 Sportsman's trot.

With a bank account that now totals 204,879, Proximity stands a chance of winning $7,500 for first place in the trot which would surpass the $206.462 set by Goldsmith Main in 1877.

TEAM WORK—Daughter Jean shows her father, Coach Wally Butts, how she'll lead cheers for his Georgia football team this fall. Let's make this a big one.

Six Church Teams Begin Play Today

Play in the Church softball league began this morning on both diamonds at Centennial park, with six teams competing. Only boys who have not yet entered the seventh grade are eligible to represent the church which they attend.

The league is conducted by Joe Kelley.

The teams entered include the Presbyterian, Methodist, Friends, Emmanuel Lutheran, Trinity Lutheran and Baptist churches.

MAUS NAMED COACH

ALLIANCE, July 27—Robert C. Maus, a 1950 graduate of Mount Union College, has been named coach of all sports at Berlin Heights High School, effective Aug. 21. At Mount Union Maus was for three years a member of the varsity golf team, manager the football team in 1949 and was active in intramurals.

Mahoning Polo Club Plays Here Sunday

The newly organized Mahoning Polo Club team will meet the Salem Club riders here at 3 p. m. Sunday on the N. Ellsworth road field.

The two teams met earlier this season at Poland, when Salem was beaten.

Mahoning has a veteran club, headed by Doc Drown, a player of 20 years experience. The good doctor has a string of 10 of the best ponies in the state, which he trains daily on his private field.

Others on the Mahoning team are Roy Bates, who has 25 years experience and a national four goal rating; Bud Strouss, former Cornell captain; Stan Strouss, and Merrick Lewis, both ex-Culver players. Lewis recently returned from his father's Arizona ranch, where he played a lot of polo.

It will be Mahoning's first visit to the Salem field.

The Salem team will field Hal Everett, Jim Pidgeon, Willie Smith, Tony Sheen and Roy Fryan. The latter replaces Jim Everett in the lineup.

Sam Zoldak Moves Tribe Up In Flag Chase

Beats A's 6-2 In Relief Chore

Indians Bare 1½ Back Of Detroit's Tigers

By Associated Press

Sad Sam Zoldak, ticketed for San Diego in May, has pitched Cleveland to within 1½ games of the American League lead with three relief wins in a week..

They actully handed Zoldak carfare to the Pacific Coast League on cut-down pay. At the last minute, Hank Greenberg, Tribe general manager, changed his mind. Johnny Berardino, veteran infielder, went to San Diego instead of Sam. Hankus never will be sorry.

Zoldak helped Manager Lou Boudreau's staff all season. But up to last Thursday he had only a 1-1 record. Five brilliant relief innings at Philadelphia, July 20, started him on the way. Saturday night in Washington he picked up another victory, rescuing Early Wynn.

When Mike Garcia was knocked out of the box in the third inning of last night's game with the A's, Zoldak came in. He held Philadelphia to two hits the rest of the way for a 6-2 decision.

Garcia, staked to a two-run lead in the first two innings, was knocked out of the box by four Philadelphia hits in the third, which left the score tied at two runs, with two out and two on.

Sad Sam retired the next nine men in order. After allowing Billy Hitchcock a double in the sixth, Zoldak got the next four batters. In the eighth he issued his only walk and Ferris Fain collected a single but the threat died and the A's had no more hits.

-:-

BOUDREAU WAS the Tribe's leading hitter last night on three hits—two of them bunts. Cleveland's scoring came in dribbles. They tallied one run in each of the first four innings, and single runs again in the seventh and eighth. Dick Fowler gave them 13 hits and eight walks.

Cleveland could have come within a few percentage points of the second place New York Yankees last night if the Yanks had faltered in their game with the St. Louis Browns.

Today the Indians have another chance to gain some more ground at the expense of the A's in an afternoon contest. Steve Gromek of the Tribe and Lou Brissie are slated for mound duty.

Larry Doby, who was hit in the head by a pitched ball in an exhibition contest at Brooklyn Monday night, has rejoined the Tribe, but will see no action today. Boudreau said he would leave it up to Doby whether he should resume play Friday night when the Boston Red Sox arrive.

Cleveland's surge is only one factor of a developing situation that has turned the American League race into a four club battle. With Detroit's lead sliced to a half game over the New York Yankees, Cleveland coming strong and the revived Boston Red Sox on the march, anything can happen.

The Red Sox made it two straight over Detroit yesterday, 1-0, on Bobby Doerr's home run and Mel Parnell's five-hit pitching It was the fifth loss in the last six starts for the Tigers.

Parnell, a 25-game winner last year, went the route for the first time since July 1. The Red Sox lefthander, troubled by a sore shoulder, took heat treatments at a hospital only four hours before game time. Art Houtteman was the losing pitcher.

-:-

JOE DIMAGGIO, making a late summer comeback, slugged a two-run homer to help the Yanks whip St. Louis, 6-3.

Rookie Ed Ford, knocked out in the sixth after five shutout innings, picked up his second win with Tom Ferrick's help.

Rain postponed the Washington at Chicago game in the third inning.

The Phillies scored six runs in the sixth inning against Chicago to increase their National League lead to 1½ games with a 6-4 win.

Brooklyn clinched the season series with St. Louis, with a 7-5 triumph that made it 12 out of 17 this year. Switch hitter Jim Russell hit two homers, one right-handed and one lefthanded, to lead the Brooks—the first off loser Harry Brecheen, a southpaw, and the second off Red Munger, a righthander.

Stan Musial hit safely in his 30th straight game with a double and single off winner Don Newcombe, who hasn't lost to St. Louis all year. Ralph Branca replaced him after he walked the first batter in the ninth.

Pittsburgh teed off on Vern Bickford and Bob Hogue for 13 hits, including homers by Wally Westlake and Ray Mueller, to thump the Boston Braves, 8-4. All but two of the Pirate runs, and both homers, were off loser Bickford, who had won his last six starts.

Sal Maglie pitched and batted the New York Giants to their seventh straight win, 3-2, over Cincinnati. Maglie singled off Howie Fox to score Al Dark with the tie-breaking run in the seventh.

DOUBLE TIME—Remarkable pivotmen keep and get Detroit and New York pitchers out of trouble in the American League race. Jerry Priddy, left, grimacing as he completes a double play, gives the Tigers what they lacked at second base. Opponents just don't break up two-ply killings on Jerry Coleman of the Yankees.

Youngstown Owner Hits TV

Telecasts Cut Crowds 70 Percent, He Says

YOUNGSTOWN, July 27 —(AP)—A minor league baseball club owner piped a sad song today over the plight of the sport's little brothers.

He is Bill Koval, co-owner of the Youngstown Athletics of the Middle Atlantic League, a Class C loop with seven clubs.

An eighth club, Vandergrift, Pa., dropped out of the league a few days ago because it could not meet financial obligations. The club at Uniontown, Pa., which was in the Middle Atlantic League last year, was declared bankrupt this week, showing liabilities of $13,000.

Describing the circuit as shaky, Koval declared:

"I don't want the fans to get the impression the league is the only loop fighting to stay alive. Almost every minor league in existence faces the same problem.

"Most of the clubs," he asserted, "are suffering because the majors are having their games telecast at the time we are playing. My home attendance has dropped at least 70 per cent because of it."

Koval says he'll prove this to any doubters.

"Just come to Youngstown on a night when the Cleveland Indians have a home game," he says. "We'll survey the taprooms that have television and we'll count noses.

"The poll will show at least 1,000 people watching the Indians by television while 300 to 350 watch Youngstown at the park. And that doesn't include those watching television sets at home."

The Youngstown owner thinks the major leagues should give their little relatives some cash to make up what is lost when the parent club telecasts its game.

"My argument is that we're trying to sell something that someone is giving away free." Koval stated.

Rising costs are making it hard for the little fellows to break even, he said.

Polo Club Defeats Poland Riders 14-13

The jinx that has followed the Salem riders this season in their games against the league-leading Poland club cracked last night in a lightning fast game under the lights at Poland.

Two weeks ago on the same field Salem took a strong lead 5 goals to 0 at half time, but the Poland boys and horses caught the spark they needed and nosed Salem out of the win by one goal. But last night the story was reversed with Poland taking a 6-3 lead at the end of the second chukker and Salem coming back with hard riding and the best team play they have shown this year to win 14-13.

The high score was an indication of the speed and accuracy of the play on the part of both teams. Jim Pidgeon and Bunny Smolen shared honors for the two teams with six goals each and Willy Smith banged five through the posts for Salem. Tony Sheen broke up play after play in the defense position and scored when a goal was needed. Roy Fryan counted two for Salem.

Poland fans are unaccustomed to seeing their team lose—they have been beaten in only one of their 14 games played on the home field this year and led the Pen-Ohio league in wins. The Mahoning team which also has its home base at Poland will come to Salem Sunday.

Imperial Hanover, the highest priced harness horse ever to go through an auction ring, cost $72,000 as a yearling last fall.

Jerry The First, 1950 winner, is the only repeat victor in the history of $50,000 Golden West Pace, held annually at Santa Anita.

Joe Louis Reported To Start Training

CHICAGO, July 27—Joe Louis, retired heavyweight boxing champion, reportedly was headed today for an Indiana training camp to prepare for a title bout with champion Ezzard Charles.

The 36-year-old Brown Bomber, king of the heavyweights for 11-years—longest reign in heavyweight history—was reported getting ready to return to the ring to get some money to pay back taxes.

During his fistic career Louis earned nearly $4,000,000.

The report that Louis will return to the ring gained stature yesterday with his departure with adviser Fred Wilson for a West Baden, Ind., training site. His trainer, Mannie Seamon also was reported en route to West Baden with training equipment.

Truman Gibson, the Brown Bomber's manager, has said Louis will fight in September if he can reach an agreement with the government. Louis said he must "pay his income tax like everyone else and fighting Charles seems the best way to do it."

Gibson was in Washington reportedly to find out how much Louis owes the government on 1946 and 1947 income taxes. It was reported some of the retired champion's claims for those years were disallowed.

The Bomber recently announced he will come out of retirement if the Treasury Department will accept his purse in a proposed match with Charles in payment of back taxes. Louis has confided to friends he is hopeful of arranging a title bout with Charles, but emphasized the matter depended on tax negotiations.

The date for the Louis-Charles bout reportedly is Sept. 27, and the site, New York's Yankee Stadium.

James Norris, president of the International Boxing Club, said yesterday, however, that Louis has received no instructions or official feelers regarding a possible return to action.

Merchants Drop 8-7 Tilt To Negley Nine

A timely three run rally in the top of the seventh inning gave Negley an 8-7 verdict over the Salem Merchants Wednesday evening at Centennial park.

Salem had held the lead in the Columbiana County League tilt from the third frame on. Three walks and a misplay in the last inning cost the Merchants the game.

Taucher of Negley poled a home run with two on in the first inning. Both teams got seven hits. Paul Bloor started for Salem, followed by Holt and Wyss on the mound.

Salineville will play here Sunday in another league game.

Babe Ruth was the first player to hit more than 30 homeruns a season. He did it in 1920 when he hit 54. The following year he hit 59.

Plan Heavy Boxing Lineup For Winter

NEW YORK, July 27—(AP)—Television, blamed for many of boxing's box office failures, is responsible for the most ambitious big-time fight program in history.

To meet the demands of the TV audiences, the International Boxing Club plans to run 70 or 72 indoor shows in the 1950-51 season. There will be action every Wednesday and Friday for at least 35 consecutive weeks.

The IBC and Managers Guild have reached a new agreement on Wednesday nights, separate from their Friday night pact.

On Wednesday nights, each main go fighter will receive $1,000 as his share of the TV money. On Frldays, each star bout boy gets $2,250 with a privilege of a percentage.

Wednesday programs will originate at St. Nicholas Arena in New York, Detroit and St. Louis. All 35 Friday night programs will originate in New York.

Lisbon Ball Player Breaks Ankle In Game

EAST LIVERPOOL, July 27 — Henry Miller of Canton, catching for the Lisbon nine in the Columbiana County Baseball League, received a fractured ankle when he slid into second base during the third inning of a game with the Riverview Florists of East Liverpool Wednesday evening.

Miller ,who was treated at City Hospital and released, had smashed a grand slam home run for Lisbon in the first inning. The game was called at the end of the sixth with the score tied, 4-4.

Herb Flam Eliminated In Tennis Tourney

SOUTHAMPTON, N. Y., July 27 — (AP) — Four seeded stars were missing from the singles competition today as play was resumed in the 60th annual Southampton Invitation tennis tournament.

Herb Flam of Beverly Hills, Calif., fresh from beating Ted Schroeder for the national clay courts crown at River Forest, Ill., headed the quartet ousted yesterday.

The other seeded players eliminated were England's Tony Mottram, Jack Tuero of New Orleans and Hugh Stewart of Los Angeles.

Earl Cochell of San Francisco eliminated Cincinnati's Tony Trabert in another third rounder, 6-4, 6-4.

Trabert had won his second round match with August Ganzenmuller, Jr., of Sea Cliff, N. Y., 6-2, 6-4.

John Michael (Red) Corriden, New Chicago White Sox manager, formerly managed at Des Moines, Indianapolis and Salisbury, N. C.

Largest crowd ever to see a major league game was the total of 82,781 fans who watched Philadelphia at Cleveland in 1948.

Police Hunt For 3 Bank Robbers

Still At Large After $40,000 Trust Holdup

CINCINNATI, July 27—(AP)—A well-geared trio of bank robbers was still at large today with an estimated $40,000 taken from the Corryville branch of the Fifth Third Union Trust Co.

Police and FBI agents were working on two leads, but no definite results have as yet been reported.

One lead concerns three men, whose descriptions were said to tally with those of the bank robbers. The three left their Highland Avenue apartment last night minutes before several police prowl cars converged on it. Detectives were scouring the apartment for fingerprints.

The other lead centers around a Fort Wayne, Ind., man found riding in an allegedly stolen auto.

The three gunmen entered the bank shortly before its 2 p. m. closing time yesterday and cowed the four employes and 11 patrons with their pistols. "This is a holdup," they announced coolly, and then proceeded to loot the bank.

Alaska Industrialist Killed By Coal Car

FAIRBANKS, Alaska, July 27—(AP)— Alaska's foremost industrialist and wealthiest man—Capt. Austin Eugene Lathrop—died beneath the wheels of a loaded coal car yesterday. He was 84.

The accident occurred as Lathrop inspected coal gondolas at his Healy River Coal Corp., holdings at Suntrana, 112 miles south of here.

Dr. Paul B. Haggland of Fairbanks said the operator of the gondolas failed to see Lathrop and released a loaded car down a slight incline. The industrialist either tripped or fell under a wheel.

Radio Station Helps In Apprehending Killer

CLEVELAND, July 27—(AP)—A man wanted for a murder dramatized on a local radio program last Friday was shot and killed by police last night.

The fugitive, Edward Sadowski, 30, had been sought for the robbery slaying on May 13, 1949 of Philip A. Faranda, of Cleveland, a truck driver for a Lorain, O., meat packing company.

Sadowski was cornered and shot in the bedroom of an East Side dwelling after police received a tip. The word the tip was the result of the broadcast over station WTAM in which police gave details of the murder and search.

CIVIL DEFENSE LEGALIZED

COLUMBUS, July 27—Regulations setting up Ohio's civilian defense program were signed and filed into law by Gov. Frank J. Lausche yesterday. The regulations are effective immediately.

TAX SALES INCREASE

The sale of prepaid tax receipts in Columbiana County for the week ending July 15 totalled $25,679.31, a sizeable increase over the corresponding week in 1949, which was $20,905.06.

The volt in electricity is named for the Italian scientist, Alessandro Volta, who died in 1827.

Out In Oklahoma

By INEZ ROBB

Indians And Oil Are Synonymous

TULSA, OKLA.

"OKLAHOMA! Where the wind comes sweeping down the plain,

And the waving wheat can sure smell sweet

When the wind comes right behind the rain—"

Oklahoma, Indians and oil are so firmly fixed and synonymous in the public mind that it comes as a bit of a surprise to learn that the state's agriculture output assays higher than either the Indians or the oil.

In 1949, the value of Oklahoma's oil products was only two-thirds that of her diversified agricultural crops. In the past 25 years, Oklahoma has found an ace—as well as oil—in the hole. When wind comes sweeping down the plain, not only the waving wheat, but the sweet corn, the vast spinach crop and blue stem pastures can sure smell mighty sweet—of cash and folding money.

Inez Robb

When the greedy white man dispossed the Osage Indians of their rich wheat lands in Kansas in 1872, the United States government moved the Osages into what was then Cherokee country but is now Osage county, once the richest oil district in the state.

The county's 2,293 square miles (twice the size of Rhode Island: 250 square miles larger than Delaware) was a barren expanse, covered with grass. The Osages were desperately poor, dependent on an annuity from the great white father and occassional lease money from cattlemen who brought their cattle to the Osage hills for pasture.

Then the discovery of oil made the Osages rich and the white man discovered he had outsmarted himself by not sniffing the oil beneath the soil before he forced it on the Indians.

-:-

WHITE AND RED MEN both were so entranced by the wealth pouring from the earth that they forgot the grass covering the Osage makes one of the finest natural pasture lands on the continent.

Today, as scientists are busy trying to find a way to recover the oil they believed to be locked deep in the bowels of Osage county, the Indians have discovered that the white man not only unwittingly bestowed vast oil resources upon him but a rich pasture land on which nearly a quarter of a million head of beef cattle graze and fatten annually.

There are now 2,562 farms and ranches in the county. They average 558.5 acres and their total value is in the neighborhood of $27,000,000.

Eventually the blue stem grass of Oklahoma may be as famous as the blue grass of Kentucky. This grass which man once thought worthless grows from 24 to 30 inches in height on soil but six to eight inches deep. But beneath that soil is limestone. Thus nature herself has forever enriched the soil in the Osage.

Agricultural scientists who come here to study the natural blue stem pastures are now wondering if this grass can, with the addition of lime in the soil, be made to grow elsewhere in the United States.

But the Osage is not the only part of Oklahoma discovering new riches in agriculture. Cotton, corn and alfalfa, which were once the staple agricultural products in Oklahoma, are giving way to truck farming, but on the tremendous scale with which all things are done in this state.

-:-

THE RICH BIXBY bottom land is now producing much of the early sweet corn for the nation's tables. Just before the start of World War II, the Bixby farmers discovered that they could produce the sweet corn that would reach the nation's tables before July 4. This year, the Bixby area shipped 200 car loads of sweet corn to the market.

8he old staples in the Choska bottom near Haskell, field corn and cotton, are yielding place to spinach, turnip and mustard greens. They are being grown in a quantity to astound Popeye. Not only are the greens shipped to market as is, but canneries in the district process a substantial portion of the crop.

The blue stem grass, the cattle, the sweet corn and the spinach may not catapult a white or red man into the multi-millionaire class as fast as a gusher in the back yard. But I was in a local bank this morning when a cattleman from the Osage came in and slapped down a check for $83,000 for 345 beef cattle.

This may be slow motion wealth in Oklahoma, but it's better and faster than I can make in the newspaper business!

Some Oklahomans toy with the idea of making Messrs. Rodgers and Hammerstein's "Oklahoma!" their state song, to replace the present stodgy state anthem, and I can understand why, especially when they hit the refrain:

"We know we belong to the land, and the land we belong to is grand."

The head of the sperm whale, largest of the toothed whales, is one-third of the animal's total length.

A MOTHER'S TEARS are hardly explanation enough as Mrs. Yetta Marlow tells daughters in Chicago that their father, Maj. Fred E. Marlow, is reported killed in action in Korea. Adrienne, refuses to believe the telegram. Lynn, 2, is too young to understand.

OF COURSE I BAKE ON HOT SUMMER DAYS--

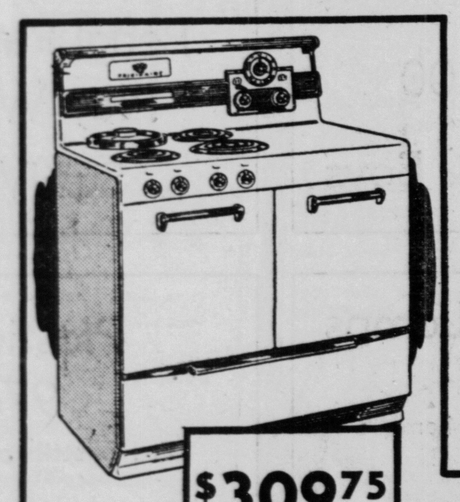

SMART GIRL SHE HAS A COOL COOKING Electric Range

RM-75

A truly beautiful, streamlined DeLuxe range with two full-size automatic ovens for broiling and baking at the same time or quantity roasting; full-width cooking-top light, time signal, deep-well cooker, automatic and non-automatic outlets, complete signal-lights and many other exclusive Frigidaire DeLuxe features.

RM-65

Similar to the RM-75 with many of the DeLuxe features including cooking-top light, completely automatic oven, deep-well cooker, time signal, automatic and non-automatic outlets; has oven-size warmer drawer, extra-deep broiling and roasting pan and Frigidaire 5-heat, high speed surface units. A beauty to look at and cook with.

Yes, ELECTRIC cooking keeps kitchens cooler, lets you bake on hottest days in far more comfort. Heavy insulation on all six sides of the oven keep all the heat inside for greater economy and comfort, surface units put heat directly into utensils without wasteful spill-over around the sides. And water-less cookery keeps kitchen humidity far lower than old-fashioned methods. These and many more Frigidaire features make Frigidaire the favorite electric range of thousands of women who want modern cooking, good looking ranges with speed, cleanliness, convenience and better results. And they're so completely and dependably automatic, too. Come in tomorrow and select the electric range that's just right for your kitchen.

FRIGIDAIRE "THRIFTY THIRTY"

ONLY $169.75 TRADE IN YOUR OLD RANGE

Here's the "small kitchen" range with "big range" features . . . especially the giant-size oven that's thrifty with current yet holds six pies! Yes, it's a big range in everything that counts but small in size . . . AND PRICE! See the Frigidaire THRIFTY THIRTY before you buy.

County Granges Enroll 4,559

Yearly Membership Hits All-Time High

MEMBERSHIP in the juvenile and subordinate granges in Columbiana County has reached an all-time high, according to the June reports of the deputies, Mr. and Mrs. W. A. Morris. The combined membership stands at 4,559—4,069 are members of the 21 subordinate granges and 490 members of the 15 juvenile granges.

A quick glance over the membership of the subordinate granges in the last three years shows June 30, 1947 at 3,087; June 30, 1948—3,177; June 30, 1949—3,518; and June 30, 1950—4,069. The juvenile gain in past year is 163.

Mile Branch is the largest grange in the county, with a membership of 525 and Bayard is second with 388 members. Bayard and Highlandtown tied for first place with a net gain of 25 new members each in the quarter ending June 30, with West Point following close with a gain of 24.

Fairfield Grange received national honors in the "Every Family Get a Member" campaign, and Unity and Midway each received a state grange achievement award for outstanding work. A national grange achievement award went to Guilford. They were one of the 13 granges in Ohio receiving this honor.

The outstanding project participated in by all the granges was the air tour on June 16th, in which 270 Grangers took to the air to get a bird's-eye view of conservation practices in the county.

Thirty programs sponsored by the subordinate and juvenile Granges in the county have broadcast programs over radio station WOHI, East Liverpool, spreading the good-will and fraternalism of the grange each Saturday at 12:45.

-:-

A TEAM OF GIRLS, captained by Mr. and Mrs. Kenneth R. Mollenkopf of Unity Grange, will put on the rose drill at the nine-county Sixth Degree of the Ohio State Grange at Carrollton High School the evening of July 28.

The team is comprised of Donna Weikart and Donna Caldwell of Midway Grange; Mary Arvanitis, Dorothy Wilson and Carol MacNamee of Guilford Grange; Margaret Ewing of Wayne Township Grange; Iva Sanor of Willow Grove Grange; Vivian Bates of Perry Grange; Carol Freshley, Ruth Ann Shaw and Marjorie Shaw of Lisbon Grange;

Ernestine Baumgarner and Eleanor Patterson of Yellow Creek Grange; Kathryn Jenkins and Jean Stratford of Unity Grange, and Jewel Farmer of Mt. Nebo Grange. Pianist is Rachel Klitz of Unity Grange.

-:-

PUMPS, IF NOT properly grounded, can become deadly electrical circuits at any time, I. P. Blauser, extension agricultural engineer, warns. Farm piping is not a satisfactory ground.

He advises: Grounding the neutral wire in the circuit; make all connections of copper wire heavy enough to carry a fairly large charge of electricity; ground both the pump and the motor; attach ground wires to a copper or galvanized pipe or rod driven eight feet into firm, moist earth.

-:-

WHETHER young farm windbreak trees survive next winter's freezes and storms depends a lot upon the care given them this summer, F. W. Dean, extension forester, says.

His recommendations are: Help preserve the moisture in evergreen trees by mulching or shallow cultivation—mulching for a large windbreak and cultivation for a few trees; cover the soil under the trees with a three-inch layer of mulch, extending it at least six inches beyond the branches; pull the mulch away from the tree trunk.

Ground corn cobs, sawdust, chopper hay, straw and leaves all make good, inexpensive mulches.

-:-

MANY OHIO APPLE growers are either using or considering the use of activated cocoanut shell carbon air-purification units in their apple storage units to control scald, says Donald Comin, horticulturist. Unless the fruit is harvested at the proper stage of maturity, Comin says, scald cannot be satisfactorily controlled by the use of air-purification equipment.

-:-

CANCELLED LAST year because of the poliomyelitis outbreak, the annual Darke County potato field day is back on the calendar for 1950. It will be held Aug. 8 at the Virgil Royer farm, two and a half miles northwest of Pittsburg, O.

-:-

THE OHIO FORESTRY Association is sponsoring the first forestry training camp to be held in Ohio Aug. 20-26 at Camp Muskingum in Carroll County, according to Herbert F. Maturen of Lisbon, chairman of the forestry camp committee.

The objective of the camp is to give elementary forest training to rural boys, training them over and above what they can receive in 4-H work, scout work and F.F.A.

A WANT AD CAN FIND IT

Truman Shy Tooth, But Not For Long

WASHINGTON, July 27—(AP)—It looked as if President Truman had a missing tooth Wednesday, but not for long.

One of his upper teeth seemed to be missing when he made a little speech to the boys nation a group of young men interested in government. But a little later when he signed a military aid bill, Mr Truman fished in his pocket and plugged up the gap.

The President has been going to the dentist lately. White House officials said he merely had lost a crown and has a temporary replacement while waiting for a permanent one.

Mr. Truman talked to the 86 boys of the boys nation in the White House rose garden, telling them the way to learn about government is to become part of it. He told them that "you'll have to take over after the old fellows like myself pass on."

Politics, the President said, is nothing but public relations. He said authority starts at the bottom with the people and that's where it must be kept.

DRAFT EVADERS SOUGHT

NEW YORK, July —(AP)—Authorities checked the whereabouts today of 196 men reported delinquent by their local draft boards in New York City. They were among 838 summoned during a six-day period.

SO YOU DON'T HAVE SERVANTS IN YOUR HOUSE?

How about electric servants? Take paper and pencil, and jot down the number of *electric* servants ready to make life healthier, easier, happier for you.

Start with the bathroom. Dad's shaver, sun lamp, curling iron, hair dryer, even a vibrator?

Bedrooms next. Clocks, radios, electric blankets, heating pad? Croup kettle, night light and bottle warmer for the baby, maybe? Sister's record player, Butch's film projector, and the sewing machine?

Downstairs now. Radio (maybe even television!), vacuum cleaner? Toaster, waffle iron, grill, coffee-maker, clocks, food mixer, range, refrigerator? Lucky you, if you have an electric dishwasher, food freezer, ironer and automatic washer!

Forget anything? Lights? (Count each one in every room!) Hot water heater, stoker, or oil burner, fans and electric heaters? The tools in Dad's workshop? It's a big list by now. Add them all together. Now divide that number into the amount of your last electric bill. Do you see what we mean when we say — *nothing else in your family budget does so much for you, or costs so little, as electricity!*

Cranberry Loaf, Salad Ideal For Parties

ONE triple-decker sandwich makes two servings with cranberry chicken sandwich loaves. If the party is to be at noontime, make the sandwiches in the morning, store in refrigerator until ready to serve.

If the sides of the loaves are left unfrosted they have a ribbon-like appearance, but frosting is suggested so that the chicken filled ribbon and the red cranberry sauce comes as a surprise following the first bite.

The frosting is made of softened cream cheese, tinted pink or yellow with vegetable coloring according to your own party color scheme.

As accompaniment to the loaves, serve the cooling sunset salad.

CRANBERRY LOAVES

1 loaf sliced bread softened butter
2 cups well-seasoned chicken salad (add ½ to 1 teaspoon curry powder and ¼ cup chopped almonds)
1 lb. can jellied cranberry sauce.
1 lb. cream cheese

Trim bread crusts. Butter the first slice of bread. Spread with generous layer of cranberry sauce. Butter prevents cranberry sauce from soaking into bread.

Top with second slice of bread buttered on both sides. Cover with a layer of chicken salad. Top with third slice of bread, buttered on both sides. Spread with cranberry sauce. Cover with fourth slice of bread, buttered side down. With a sharp knife cut each stack in half.

Cover sides and top with cream cheese moistened with milk to spreading consistency. Tint the cheese green, if you like. Garnish with cranberry sauce cut-outs, if you like. Makes 10 individual sandwich loaves.

SUNSET SALAD

1 package strawberry flavored gelatin
1½ cups boiling water
1 cup canned jellied cranberry sauce
2 diced bananas
¼ cup chopped walnuts, lettuce, salad dressing

Dissolve gelatin in boiling water. Mash and strain cranberry sauce; add gelatin; chill until syrupy. Fold in bananas and walnut meats. Pour into mold which has been rinsed in cold water. Chill until firm, Unmold on lettuce. Garnish with salad dressing, Will serve from 4 to 6.

A Pledge to the American People

by

The Great Atlantic & Pacific Tea Company

We will resist all unwarranted price rises with all our might.

We will make every effort to hold our inventories at the lowest point consistent with good service to our customers, because hoarding, whether by wholesalers, retailers or consumers, will cause higher prices.

We will continue to maintain the lowest profit rate generally prevailing in the entire retail industry. Our net profit now is less than one cent on each dollar of sales.

We will continue to strive for more efficient distribution.

We will fight waste of food, or time, or money all along the line so as to narrow the spread between wholesale and retail prices.

We will devote all our energies to giving you the most good food for your money every day of the week.

We will strive always to do what is honest, fair, sincere and in the best interest of our country and our customers.

As most of you know, this company and the low cost, low profit policies that built it are under attack.

We are defending ourselves against a suit brought by the anti-trust lawyers to put A&P out of business.

But the greater conflict in which our country is now engaged takes precedence over all else.

Today, with our boys fighting in Korea, we believe that all citizens and all businesses, big and little, should devote themselves wholeheartedly to the public interest.

We promise the American people that we will cooperate unhesitatingly with our national government in the present crisis.

We promise you that we will continue to do everything in our power to put more buying power in your food dollar and more good food on your dinner table.

John A. Hartford, *Chairman*

A Tempting Salad

Cheese vegetable salad with sour cream dressing.

By GAYNOR MADDOX

A LARGE salad for lunch on a hot day may be all you want. However, your body needs some protein despite the weather. That's my many chefs in famous restaurants add strips of cheese to their salads. The cheese, rich in protein, turns the refreshing salad bowl into a one dish hot day meal.

Sour cream, another dairy food growing steadily in popularity, makes a refreshing salad dressing. Try these two recipes together and stay cool and well fed at the same time.

Cheese Vegetable Salad
(Serves 6)

One-half pound American cheese
1 package frozen peas, cooked
10 to 12 black olives
6 stalks celery
3 green pepper rings,
1 bunch radishes
Lettuce leaves.

Cut cheese into strips about ¼ inch wide. Arrange lettuce leaves in bottom of a red or yellow class bowl. Place olives in the center of the dish. Spoon cooked peas into three lettuce cups placed on each of three sides. Slip cheese strips through green pepper rings and place between the mounds of peas. Place the celery stalks and radishes in remaining corners. Serve with sour cream dressing and tall glasses of cold milk.

Sour Cream Dressing
(Makes about 1 cup dressing)

One cup sour cream,
2 tablespoons sugar
1 tablespoou prepared mustard
¼ teaspoon salt
1 tablespoon lemon juice

Combine sour cream, sugar, mustard and salt. Slowly stir in lemon juice. Serve with cheese vegetable salad.

Culinary Suggestions

CARROT AND NOODLE SOUP

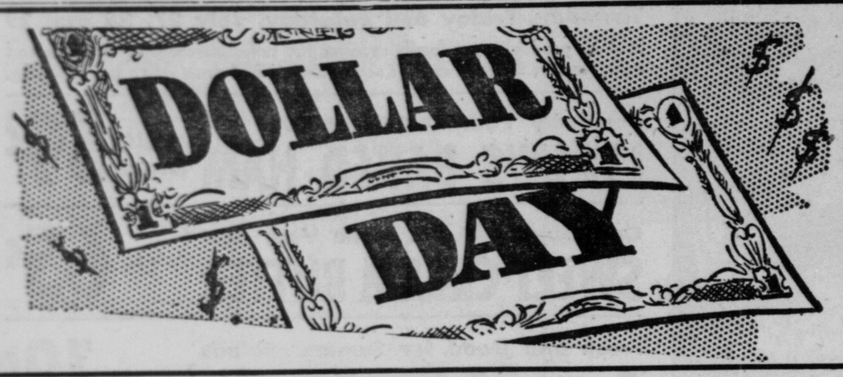

1 two-ounce package dehydrated noodle soup
3 cups boiling water
¼ to 1/3 cup medium leftover white sauce
¾ to 1 cup leftover diced cooked carrots
Pinch of dried crushed tarragon (if desired)

Add contents of package of noodle soup to boiling water along with white sauce, carrots and tarragon (if desired). Boil gently for 7 minutes. Makes 4 servings.

MEXICAN CHEESE

½ cup ripe olives
2 tablespoons finely diced onion
1 cup finely diced green pepper
2 tablespoons butter or margarine
2 tablespoons flour
¾ teaspoon salt,
¼ teaspoon chili powder
1 cup tomato juice
1 cup cooked or canned whole kernel corn
1½ cups grated American cheese
Hot crisp toast

Cut olives from pits into large pieces. Cook onion and pepper slowly in butter or margarine for a few minutes. Blend in flour, salt and chili powder. Add tomato puice and corn and cook and stir until thickened. Stir in cheese and olives and cook over low heat until cheese melts. Serve on hot crisp toast. Makes 4 servings.

Charcoal broiler, steak, salad—umm!

The Cookbook

By GAYNOR MADDOX

Charcoaled Steak

FOR the outdoor steak broiling, there's nothing like a man. Men seem to shine at broiling steak over charcoal and with many handy and inexpensive barbecue grills on the market this summer, a lot of men are going to be very happy.

Most amateur chefs pride themselves on their sauce. Here's a variation of barbecue sauce not so heavy as to kill the flavor of good meat but zesty enough to bring out all its goodness. Its chief ingredient is Tabasco.

Tabasco Steak Sauce
(Yield: 2/3 cup sauce)

One clove garlic
½ cup salad oil,
3 tablespoons lime juice
½ teaspoon Tabasco
¼ teaspoon salt

If desired, put garlic to soak in the oil the day before the barbecue. Combine all ingredients in small sauce pan, and mix well. Brush over steak and broil over hot coals.

Here's another good recipe for the amateur chef:

Tabasco Hamburger
(6 servings)

1½ pounds ground beef
1 teaspoon salt
1 teaspoon dry mustard
2 teaspoons water
1 teaspoon paprika
2 tablespoons lemon juice
¼ teaspoon Tabasco,
2 tablespoons butter or fortified margarine.

Form meat into individual patties or one large cake. Pan fry or broil meat. When meat is desired degree of doneness, transfer to hot platter. Combne remaining ingredients; mix until smooth. Turn into saucepan or skillet and stir until butter or margarine is melted. Pour over meat.

(NEA Service)

BEET CUP SALAD

5 medium-sized cooked beets,
Very finely diced celery
3 tablespoons broken walnut meats
Mayonnaise of creamy-type salad dressing
Salt and pepper
Crisp lettuce leaves or other salad greens.

Cut a slice from end of beets so they stand well; scoop out centers from stem ends, leaving thin walls. Finely dice removed beets and mix with an equal amount of celery. Moisten with mayonnaise or creamy-type salad dressing, season with salt and pepper and fill beet cups.

Serve on lettuce or other salad greens. Makes 5 servings.

For a vegetable dunking platter for a party cut carrots and cucumber in strips. Make celery curls by cutting the stalks in half, then into thin lengthwise strips; place the cut celery in cold water in the refrigerator until it curls. Put a bowl full of a zesty cheese dip in the center of the platter. when ready to serve, and surround it with the vegetables.

FLAKY EVERY TIME WITH

FLAKO® PIE-CRUST MIX

Your pie crusts can't fail with Flako. Flako ingredients are precision-mixed for sure results at every baking. And no other pie crust mix has been able to equal Flako quality. Just add water.

FLAKORN® CORN MUFFIN MIX

DRESSES UP MEALS

Serve your guests corn muffins you'll be proud of. Flakorn has the quality no other corn muffin mix has been able to equal. And the ingredients are precision-mixed for sure results. Just add an egg and milk.

CUPLETS® CUP CAKE MIX

SUCH QUALITY!

Here's quality that no other cup cake mix has been able to equal. Cuplets makes 12 to 18 light and tender cup cakes or one nine inch layer. Precision-mixed for sure results. Just add an egg and milk.

CURTAINS and DRAPERIES

At this time of year fresh meat is hard to get! It is trucked from one place to another at least a week or two before it gets to the retailer . . . but having our own meat, we are not troubled by old meat. Our meat is never over one week old from the time it is slaughtered until it is is your home. They say meat should be aged but we believe the good, wholesome taste is far better than aged meat, which has a peculiar after taste. So serve fresh meat and see how much better it is!

Reserve Officers In WACS Asked To Join

WASHINGTON, July 27 —(AP)—The Army announced today that WAC reserve officers of the rank of captain and below are being asked to volunteer for active duty.

In order to qualify, second lieutenants must be able to complete one, two or in some cases three years of service before reaching the age of 40. First lieutenants must be able to complete such service before reaching 43 and captains before reaching 46.

The Army said it also contemplates calling for enlisted reservists in the Women's Army Corps, in the catagories of clerk-typist and chief clerk, to volunteer for extended duty. WAC enlisted reservists are already volunteering for duty as stenographers, teletype operators and cryptographic technicians.

The Army said reservists should apply through their unit instructors or through the chief of the military district of the state where they reside permanently.

Boy Hangs Onto Cliff For Hour, Rescued

PASADENA, Calif., July 27—(AP) — Eleven-year-old Fred Lawrence Schmitt had a thrill story to tell his friends today—how he was rescued after falling 100 feet down a steep cliff where he hung by his fingers for an hour.

Schmitt, of Phoenix, Ariz., went for a hike yesterday with his cousin Eugene Stelzer, 11, of Altadena, whom he was visiting.

Suddenly young Schmitt lost his footing and slid halfway down the 200 foot cliff before he could grab hold of a ledge. The Stelzer youth summoned help and Deputy W. D. Kurtz lowered himself by a rope and hauled the uninjured Phoenix lad back to the top.

Defense Spending Breakdown Shown

WASHINGTON, July 27 —(AP)—Around 60 cents of the ten and a half billion dollars the military wants Congress to provide for present fighting and future rearmament would be used to buy weapons—guns, bombs, planes, ships and tanks.

Before the Korean war revealed inadequacies in amounts and types of weapons, the peacetime dollar slice for this purpose averaged about 18 cents.

The 18-cent figure is part of a regular annual spending program, while the 60-cent plan is included in a supplemental request added to estimates for the current fiscal year and dictated by the emergency of war.

But the comparison between the two is an index of how values change in military programs between peace and war years. It shows that many of the thing the military does or is required to do in peacetime can be pared away to buy more "hardware" when the chips are down.

However, Pentagon officials say, substantial amounts of the funds provided in the years between World War II and the Korean war were spent for purposes directly aiding the ability to fight now.

Indians Call Crosby Man Of Many Songs

ELKO, Nev., July 27—Bing Crosby, "the groaner" is now "Sond-hoo-vi-a-gund."

Der Bingle picked up the new name yesterday. He was adopted into the tough Piute Indian Tribe.

He also was given a feather readdress and permanent hunting and fishing rights on the reservation.

Oh, yes, the name. It means "man of many songs."

Cincinnati Priest Killed In Korea

CINCINNATI, July 27—(AP) —The Cincinnati Times-Star said today it has learned the Rev. H. G. Felhoelter, a Cincinnati Franciscan priest, was the Catholic chaplain shot to death by North Koreans on the Kum river front July 16.

The priest was attending American wounded soldiers at the time, the paper said. Thirty wounded Americans were shot to death in their litters at the same time.

Dispatches several days ago related the priest won a coin toss with a Baptist chaplain to see which would stay with the wounded after the Americans gave up their positions.

Father Felhoelter's family lives in Louisville, Ky.

SITUATION IS SWEET: Visible proof that there's no sugar shortage is this scene in the storage shed of a Boston refinery, where more than 30,000,000 pounds of raw sugar are piled up.

Court Decision On Phone Case Attacked

COLUMBUS, July 27—(AP)—The State Utilities Commission today attacked a part of the Ohio Supreme Courts decision on the Ohio Bell Telephone rate case involving Columbus, Cleveland, Akron, Toledo, Dayton and Canton.

The commission, through Atty. Gen. Herbert S. Duffy, asked a rehearing of the case because, it intends, the court's establishment of a "rate base" instead of "value" for determination of just rates disregards Ohio law.

The court two weeks ago held that a $37,500,000 "excess" in Ohio Bell's depreciation reserve fund, which had been used on improvement on the firms property, could not be taken into account when deciding what the telephone rates for the six cities should be.

The commission contends it is proper to include that amount in the firm's ""value" for setting the rate base. It further contends Ohio law provides depreciation funds may be used for property improvements and may be regarded as part of the rate base.

Price Hikes Cover Various Products

NEW YORK, July 27—(AP)—New price increases hit a variety of products today. And pressure behind the price spiral mounted with continuing rises in raw materials traded for future delivery.

Cigarettes joined the price upturn as R. J. Reynolds Tobacco Co. advanced its Camel and Gavalier brands to $8 a thousand from the $7.75 level which has prevailed since July, 1948.

The price of rubber tile floor was boosted an average of 7 per cent by Sloane-Blabon Corp.

Celanese Corp. of America posted advances ranging from 2 to 6 per cent on September deliveries of acetate and viscose rayon yarns, used by weaving and knitting trades for apparel and hosiery.

An exception to the general increases was noted in the retail down 10 to 30 cents a pound price of pork chops, reported from recent levels. But the wholesale food price index of Dun & Bradstreet, based on wholesale cost of 31 foods, pushed up to its highest point since early October 1948.

Koreans In Japan Told To Destroy U. S. Bases

TOKYO, July 27—(AP)—The Korean Communist radio is urging Koreans in Japan to destroy American military bases—by suicide tactics if necessary.

A broadcast from Pyongyang, North Korean capital, last night also asked Koreans in Japan to obstruct the flow of American supplies from Japan to South Korea.

Addressed to "our 65,000 compatriots in Japan," the broadcast as heard here said:

"The time has come for you to arise, liquidate your sense of ease, throw away your opportunism and fence-sitting. Join in the fight for independence, unification and freedom of our motherland."

RECEIVES STATE FUNDS

LISBON, July 27 — Clerk of Courts John W. Coleman today received a check for $1,395.99 from the state auditor, covering criminal costs in cases prosecuted here during the first six months of 1949. The check covered 26 cases, just approved by the state.

Germ Warfare Defense Planned

Health Officers Will Train To Face Threat

WASHINGTON, July 27—(AP)—Defensive measures against germ warfare are being drawn up.

A government scientist familiar with the program said today, however, that they include no newly-developed rays or other "magic" means of coping with germs.

Rather, he told a reporter, they consist in general of training health officers in presently-known and recently-discovered medical and public health practices—but on an emergency basis.

For example, he said, it would mean such things as early reporting of sickness when it develops, and the application of such drugs as penicillin, streptomycin and other potent disease fighters.

The Defense Department has previously announced that protection against germs that can infect man, animals and plants will consist of the use of such things as vaccines and drugs; physical measures, such as masks, clothing, shelters and decontaminants; and organizational measures, such as sanitation and public health procedures.

Formal measures to assure the training of doctors throughout the nation in the civilian defense aspects of bacteriological warfare are planned in this way.

The Nation Security Resources Board which is charged with the responsibility of civilian defense will work through the U. S. public health service in getting the necessary information to health officers throughout the country.

Life Insurance For Draftees Assured

WASHINGTON, July 27—(AP)—The Veterans Administration said today all persons drafted into military service may obtain national service life insurance.

Such insurance also is available to all World War II veterans who can meet the health requirements, to all persons who enlist and to all now in service.

A VA official told a reporter that although figures are not yet available, the indications are that increasing numbers of servicemen are taking out policies.

He said this is due largely to the belief of many who have been serving in the United States, without insurance, that they may be sent overseas. The renewal of lapsed policies also is belived increasing.

PREPARING for a second try at swimming the English Channel, Shirley Mae France emerges from the water at Dover, England, after a workout. The Massachusetts school girl, who failed in last year's attempt, is confident she'll make it this time.

Rotary To Build Six Scout Shelters

COLUMBIANA, July 27—The Columbiana Rotary Club will construct six camping shelters at the McKinley scout reservation starting soon. Kenneth Ferrall, chairman of the club's youth committee, will head the project, and gifts of materials and labor have been secured from Rotarians.

Members of the committee that picked the site are Robert Maurer, D. W. Bailey, Allan White, Chairman Ferrall, and Scoutmaster George Robertson.

Paper making was introduced into Europe by the Moors and cotton-fibre paper was first made in Spain about the 11th Century.

4-H Clubs

MEADOWBROOK Minute Men viewed demonstrations given by Bob Miskimins and Merle Secrist at the club meeting last week at Allen Frantz's home south of Patmos.

The club community project was discussed and members decided to work at the grange hall. Lunch was served by the hosts Allen Frantz and Mac Burt.

The next meeting will be held at 8 p. m. Aug. 8 at the home of Myron Stallsmith north of Salem.

-:-

HANOVERTON SPOON and Scissors met Friday evening at the home of Patty Pike, with Anna May Frost assisting. The club decided to serve a tea for the members' mothers at the next meeting. Members have earned enough money to pay for fees to Camp Whitewood.

Our Servicemen

William Howard Kyser, fireman, USN, son of Mr. and Mrs. H. J. Kyser of Route 4, Salem, will leave the United States as a crew member aboard the attack cargo ship USS Washburn this week for Point Barrow, Alaska, northern most point on the North American continent.

Principal purpose of the expedition is to bring supplies to the Naval Petroleum Reserve No. 4, a 35,000-square-mile area lying within the Arctic Circle.

Charles W. Rinsh, seaman recruit, USN, son of Mr. and Mrs. Walter Rinsh of East Rochester, is undergoing recruit training at the Naval Training Center, Great Lakes, Ill.

You'll have to SEE what our Elastic Hose can do for you to BELIEVE what great comfort end enjoyment is in store for you when you wear them. Come in and let us show them to you . . . there's no obligation.

NEW VEL* ENDS 90% OF DISHWASHING WORK!

"I JUST SOAK AND RINSE... DISHES GLEAM WITHOUT WIPING!"

says MRS. SAM F. PURNELL of Attica, Indiana

"Believe me, this new Vel way works!" says Mrs. Purnell. "I put my dishes in Vel suds and let them soak a while. Then all I have to do to most of them is rinse! I don't wash, wipe or scour! You should see my dishes shine! Greasy pots and pans are easy to do now! I just soak them in Vel suds and I can wash them shiny clean without hard scouring! Truly, I can save 90% of my dishwashing work with Vel!"

NO WASHING!
Dishes soak clean in New VEL!
Scrape dishes . . . and soak 'em a while in new Vel suds. Yes, silver and glassware, too! Most dishes soak shiny clean in a jiffy! Dishes practically "do" themselves in new, improved Vel!

NO WIPING!
Dishes rinse shiny clean!
Take dishes from Vel suds . . . practically all the greasy dishes have soaked clean. Now, rinse dishes. That's all! Dishes and glassware shine like jewels; dry sparkling without wiping!

NO SCOURING!
Pots and pans soak clean!
Soak pots and pans in new Vel suds. Then you can wash most of them shiny clean without scouring! Vel slashes through grease faster and leaves the water grease-free!

*VEL is the trade-mark of the Colgate-Palmolive-Peet Co.

NEW VEL IS THE BEST FRIEND MY HANDS EVER HAD! IT'S SO MILD... AND MY HANDS ARE IN DISHWATER SO LITTLE!

YES...NEW VEL IS MILD. And, thanks to an amazing ingredient in mild, new Vel, your delicate washables stay fresher and brighter!

IT'S A NEW VEL! Better than ever!

Chinese Reds' Invasion Halted

Taitan Defenders Claim 200 Prisoners

TAIPEH, Formosa, July 27 — (AP)—The defense ministry said about 500 Chinese Communists today landed on tiny Taitan island, two miles off Amoy, but the invaders were either killed or captured by Nationalist defenders.

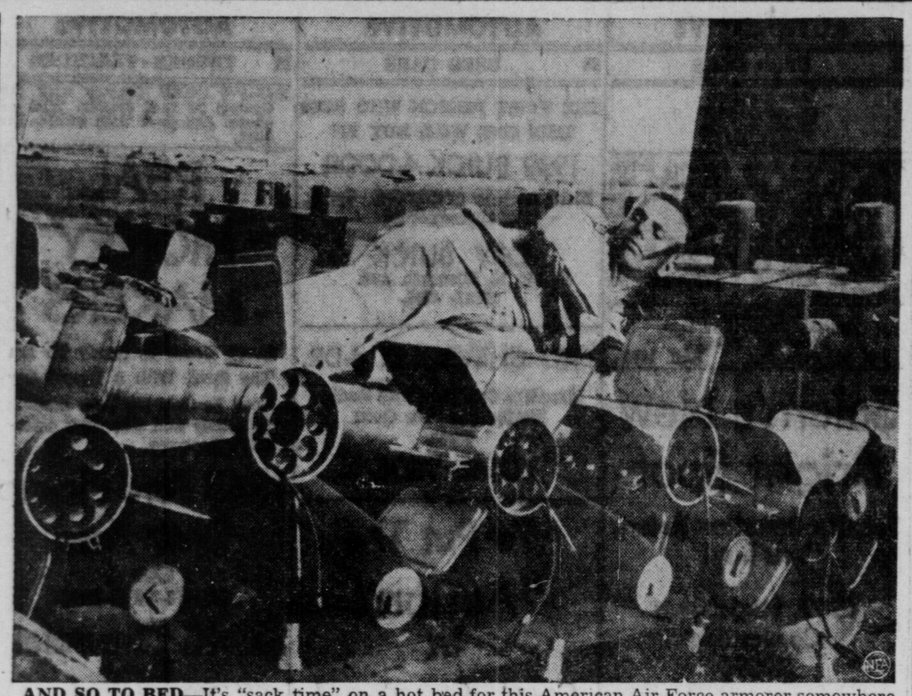

Red-held Amoy has been considered the takeoff point for an invasion against Quemoy island, a key point in the Nationalist blockade of the mainland.

The defense minstry communique said more than 200 of the invaders were captured and the rest annihilated. It added that three Communist junks were set afire, eight sunk and 12 captured.

Nationalist forces also seized a great quantity of ammunition, it said.

Although Taitan is in no way necessary for a Communist conquest of Quemoy it probably was a test of the United States announcement that the Seventh Fleet will not interfere in operations outside the Formosa defense zone.

Formosa is about 100 miles east of Quemoy.

AND SO TO BED—It's "sack time" on a hot bed for this American Air Force armorer somewhere in South Korea. The airman is stretched atop a load of rockets while waiting for planes to return from their battle missions and rearm.

East Goshen

Mr. and Mrs. Phillip Herold and daughter, Joanne, spent the weekend with Mr. and Mrs. Fred Bueschen and other relatives in Toledo.

Mr. and Mrs. Harry Haberland and George Barber visited Mr. and Mrs. G. C. Butler in Wooster Sunday.

Mr. and Mrs. Frnak Warfel of Canton visited Mr. and Mrs. Charles Wise Sunday afternoon.

Mrs. George Langeler and son, George, of Elmhurst, Ill. and Mrs. Scott Walker and daughter, Marian of Evanston, Ill. were week end guests of Mr. and Mrs. Lorin Malmsberry.

Mr. and Mrs. Merle Sherrett and family spent the weekend in a cabin at Red House in New York's Allegheny State Park. They visited Cook's Forest in Pennsylvania enroute home.

The Gilt Edge Bible Class will hold a picnic at Firestone Park, Columbiana, Saturday evening.

Mrs. Mary Malmsberry and Mrs. Mary Myers returned Monday from East Aurora, N. Y. where they visited the former's son-in-law and daughter, Mr. and Mrs. James Taylor.

Mrs. M. S. Miller of Providence, R. I. is visiting her sister, Mrs. Blanche Thompson.

Mr. and Mrs. E. O. Lingo are visiting her sister, Mrs. Wilbur Minney of McCook, Nebraska and her brother, Floyd Gordon of Chicago.

Mr. and Mrs. C. A. Malmsberry and daughter and Mrs. Lucy Phillis spent July 21 in Cleveland.

The Thursday evening prayer meeting and the Sunday evening services at the East Goshen Church will be omitted this week due to the services at the Sebring Camp Meeting.

Rev. Howard Moore, pastor of the East Goshen Friends Church, was surprised at a house warming and reception Thursday evening.

New 7-Room Modern Home and 1 Acre Just Out of Salem. A well-built home, all storm-windowed and double hardwood floors throughout. Excellent soft water, 3 lovely bedrooms and a grand living room with open fireplace. **This is easily the greatest home bargain in or out of Salem.**

HARRY ALBRIGHT, EXCLUSIVE AGENT
1118 East Ninth Street Dial 3687

WHEN BETTER BUYS ARE TO BE HAD, WE WILL HAVE THEM!

North Ellsworth Avenue home of three rooms, partly modern, nice size lot, wonderful location. Priced at $3,800.

North Side home of seven rooms, modern in every way. Large lot, plenty fruit and shade, double garage. Can give possession August 1st. A buy at $6,500. Don't fail to see this!

East End two-family house, five rooms and bath on each side, entirely separate. Basement divided, two heaters, nicely finished throughout. Two garages, paved street. Priced at only $10,800. Two houses for the price of one!

We have a fully equipped bakery, doing fine business. Price includes all stock, equipment, and new truck at only $8,000. A real buy.

BURT C. CAPEL AGENCY
189 South Ellsworth Avenue Dial 4314

COZY SUBURBAN RANCH-TYPE HOME!

We have just listed this very attractive five-room bungalow with two acres of ground located 4½ miles from Salem on a very good paved highway. This house is in first-class condition and has been occupied by owner for many years. It is of Permastone and shingle construction and is nicely planned having living room, dining room, two bedrooms and laundry room all on one floor. Attractive heat-o-lator fireplace in living room. House is easily heated by gas furnace. Excellent water provided from drilled well by pressure system, also from 100-barrel filtered cistern by separate pressure system. This home is equipped with good storm windows and interior is partially carpeted. Outbuildings include small, barn, double garage, separate kennel building completely equipped for raising or boarding dogs, also small chicken house. Owner will include television antenna installation.

This home is surrounded by an attractive lawn ,a wealth of fine shade and shrubbery and has small orchard which provides more than enough fruit for home use. The property is being offered for sale only because the owner's work requires that he leave this community and it is now being advertised for the first time.

For those who want something unusual in an attractive suburban home, this one merits proper investigation. Priced for sale at only $11,000.

FRED D. CAPEL or DALE E. WILSON
286 East State Street Phone 3321

A FINE PLACE TO LIVE!

Cool in summer, warm in winter and the heating bill is very reasonable. This fine house is rock-wool insulated and has storm windows with automatic heating system. Six lovely rooms, sun porch, bath on second floor, semi-bath on first floor. Very dry basement with recreation room and laundry. Beautiful large lot with many trees, shrubbery and flowers. One car garage, concrete driveway. Located in one of Salem's best residential sections.

5-Room Modern Cape Cod Home
Gas Furnace, Garage.
1411 Ridgewood Drive, Dial 3882.

4 ROOMS and bath (one bedroom). New garage, automatic hotwater heater and hardwood floors. Inquire 1360 E. Pershing after 4 p. m.

26 OUT-OF-TOWN PROPERTY

Make living an enjoyable adventure in this weathered brick home, located in the quiet village of Hanoverton within easy commuting distance of Salem, Alliance or Canton. The large rooms with their pine floors make an ideal setting for antique furniture. The spacious grounds with the large porch add to the beauty of this home which is completely modern but needs minor repair. Priced right for immediate sale by non-resident owners. Clyde M. Tschantz, Realtor, Phone 818, Lisbon, Ohio.

TWO SMALL HOMES, one new on large lot. Good water. No bath. Boardman district. Near Woodworth. Phone Youngstown 23911.

28 FARMS

SMALL FARM
TWENTY MINUTES FROM SALEM
On five acres of land. Lovely 5-room bungalow with bath, gas, electric and telephone. New 66-gallon hot water heater, furnace. Beautiful lawn and shrubbery. 50 heavy-bearing fruit trees, barn, brooder house, chicken house. Wonderful water, electric pump. Two minutes to modern little city. Illness forces sale of this wonderful little farm. Deal with owner. Immediate possession.
PRICE $6,000

Questions and Answers

Q—In what year did the American railroads begin to use electric lights in their trains?

A—The first passenger trains in America to be lighted entirely by electricity were operated in 1887.

The largest lake in South America is Lake Titicaca in Peru, 12,600 feet above sea-level.

FUNNY BUSINESS — By Hershberger

"And now I'll give you my famous imitation of a woodpecker!"

CARNIVAL — By Turner

"Ya mean dis little one around here? Dat's a back-up light!"
